## Expedited Plan Review for Green Projects

Community  
Development  
Department  
630 Garden Street  
805-564-5485

### GENERAL REQUIREMENTS:

- ❑ All plan submittals must meet the submittal requirements as found on the City's Commercial or Residential Plan Submittal Requirements Handout. You may find these handouts on the City Building and Safety website at: [http://www.santabarbaraca.gov/Resident/Home/Forms/Building\\_and\\_Safety.htm](http://www.santabarbaraca.gov/Resident/Home/Forms/Building_and_Safety.htm)
- ❑ Plan submittals are required to meet one of the following criteria:
  - ❑ **USGBC LEED Projects:**
    - ❑ The LEED Project Checklist shall be complete and reproduced onto the plan sets.
    - ❑ The project shall be registered on the USGBC LEED Projects Directory.
    - ❑ The project shall meet a minimum LEED Silver rating.
    - ❑ For more information about the USGBC LEED process please visit: <http://www.usgbc.org>
  - ❑ **BuiltGreen™ Santa Barbara Projects:**
    - ❑ The BuiltGreen™ Santa Barbara checklist shall be complete and reproduced onto the plan sets.
    - ❑ The project shall be registered on the BuiltGreen™ Santa Barbara Current Projects list.
    - ❑ The project shall meet a minimum 2-Star level.
    - ❑ For more information please visit: <http://www.builtgreensb.org/home.html>
- ❑ Plans shall detail and reference the applicable green building credits that are specified on the checklists of the applicable program.

### EXPEDITED REVIEW:

Projects which meet these requirements will be provided with a 7 day reduction of the estimated initial review timeframe.

### DISCLAIMER:

Project design teams which complete the requirements for plan submittal but do not satisfy the requirements during construction may be kept from applying for expedited services on future projects.
