**Project Summary:**

Construction, which started on August 9, 2010, to provide park improvements including grading and road repairs, new gates and picnic area upgrades (picnic tables, drinking fountain and trash/recycle cans) is complete. The improvements enhance use of the park by equestrians and hikers. The project was being funded by the Parma Park Trust.

A re-opening ceremony was held on October 23, 2010 in conjunction with a community planting day where volunteers helped install 2,000 native plants.
