ARCHITECTURAL BOARD OF REVIEW SUBMITTAL CHECKLIST (See ABR Guidelines & Design Review Submittal Requirements for Details)		
CONCEPT REVIEW	Required	Master Application & Submittal Fee - (Location: 630 Garden Street) <u>Photographs</u> - of the existing building (if any), adjacent structures, composite panoramic view of the site, surrounding areas & neighborhood streetscape - mounted or folded to no larger than an 8.5" x 14" photo display board. <u>Plans</u> - three sets of folded plans are required at the time of submittal & each time plans are revised. <u>Vicinity Map and Project Tabulations</u> - (Include on first drawing) <u>Site Plan</u> - drawn to scale showing the property boundaries, existing & proposed structures, building & area square footages, building height, areas to be demolished, parking, site topography, conceptual grading & retaining walls, & existing landscaping. Include footprints of adjacent structures. <u>Exterior elevations</u> - showing existing & proposed grading where applicable.
	Suggested	<u>Site Sections</u> - showing the relationship of the proposed building & grading where applicable. <u>Plans</u> - floor, roof, etc. <u>Rough sketches</u> are encouraged early in the process for initial design review to avoid pursuing incompatible proposals. However, more complete & thorough information is recommended to facilitate an efficient review of the project.
PRELIMINARY REVIEW	Required	Same as above with the following additions: <u>Plans</u> - floor, roof, etc. <u>Site Sections</u> - showing the relationship of the proposed building & grading where applicable. <u>Preliminary Landscape Plans</u> - required for commercial & multi-family; single-family projects where grading occurs. Preliminary planting plan with proposed trees & shrubs & plant list with names. Plans to include street parkway strips.
	Suggested	<u>Color & Material Samples</u> - to be mounted on a board no larger than 8.5" x 14" & detailed on all sets of plans. <u>Exterior Details</u> - windows, doors, eaves, railings, chimney caps, flashing, etc. Materials submitted for preliminary approval form the basis for working drawings & must be complete & accurate.
FINAL & CONSENT	Required	Same as above with the following additions: <u>Color & Material Samples</u> - to be mounted on a board no larger than 8.5" x 14" and detailed on all sets of plans. <u>Cut Sheets</u> - exterior light fixtures and accessories where applicable. <u>Exterior Details</u> - windows, doors, eaves, railings, chimney caps, flashing, etc. <u>Final Landscape Plans</u> - landscape construction documents including planting & irrigation plan. <u>Consultant/Engineer Plans</u> - electrical, mechanical, structural, & plumbing where applicable.

PLEASE BE ADVISED

- The approximate time the project will be reviewed is listed to the left of each item. It is suggested that applicants arrive 15 minutes early. The agenda schedule is subject to change as cancellations occur. Staff will notify applicants of time changes.
- The applicant's presence is required. If an applicant is not present, the item will be postponed indefinitely. If an applicant cancels or postpones an item without providing advance notice, the item will be postponed indefinitely and will not be placed on the following Architectural Board of Review (ABR) agenda. In order to reschedule the item for review, a rescheduling fee will be paid and the applicant must fill out and file a Supplemental Application Form at 630 Garden Street (Community Development Department) in addition to submitting appropriate plans.
- All approvals made by the ABR are based on compliance with Municipal Code Chapter 22.68 and with adopted ABR guidelines. Some agenda items have received a mailed notice and are subject to a public hearing.
- The ABR may grant an approval for any project scheduled on the agenda if sufficient information has been provided and no other discretionary review is required. Substitution of plans is not allowed, if revised plans differing from the submittal sets are brought to the meeting, motions for preliminary or final approval will be contingent upon staff review for code compliance.
- The Board may refer items to the Consent Calendar for Preliminary and Final Architectural Board of Review approval.
- Preliminary and Final Architectural Board of Review approval is valid for one year from the date of the approval unless a time extension or Building Permit has been granted.
- **Items before the Board may be appealed to the City Council. For further information on appeals, contact the Planning Division Staff or the City Clerk's office. Said appeal must be in writing and must be filed with the City Clerk at City Hall within ten (10) calendar days of the meeting at which the Board took action or rendered its decision. The scope of this project may be modified under further review.**
- **AMERICANS WITH DISABILITIES ACT:** In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Planning Division at (805) 564-5470. Notification at least 48 hours prior to the meeting will enable the City to make reasonable arrangements.
- **AGENDAS, MINUTES and REPORTS:** Copies of all documents relating to agenda items are available for review at 630 Garden St. and agendas and minutes are posted online at www.SantaBarbaraCa.gov If you have any questions or wish to review the plans, please contact Kelly Brodison, at (805) 564-5470 between the hours of 8:30 a.m. to noon and 1:00 p.m. to 4:00 p.m., Monday through Friday.

LICENSING ADVISORY:

The Business and Professions Code of the State of California and the Municipal Code of the City of Santa Barbara restrict preparation of plans for certain project types to licensed professionals. Applicants are encouraged to consult with Building and Safety Staff or Planning Staff to verify requirements for their specific projects.

Unlicensed persons are limited to the preparation of plans for:

- Single or multiple family dwellings not to exceed four (4) units per lot, of wood frame construction, and not more than two stories and basement in height;
- Non-structural changes to storefronts; and,
- Landscaping for single-family dwellings, or projects consisting solely of landscaping of not more than 5,000 square feet.

NOTICE:

1. That on Thursday, November 9, 2006 at 4:00 p.m., this Agenda was duly posted on the indoor and outdoor bulletin boards at the Community Development Department, 630 Garden Street, and online at www.SantaBarbaraCa.gov.
2. This regular meeting of the Architectural Board of Review will be broadcast live and rebroadcast in its entirety on Wednesday at 8:00 a.m. on Channel 18.

GENERAL BUSINESS:

A. Public Comment:

Any member of the public may address the Architectural Board of Review for up to two minutes on any subject within their jurisdiction that is not scheduled for a public discussion before the Board on that day. The total time for this item is ten minutes. (Public comment for items scheduled on today's agenda will be taken at the time the item is heard.)

No public comment.

B. Approval of the minutes.

Motion: Approval of the minutes of the Architectural Board of Review meeting of November 6, 2006, with corrections.

Action: Wienke/Mosel, 6/0/0. Motion carried. (LeCron and Manson-Hing absent.)

C. Consent Calendar.

Motion: Ratify the Consent Calendar. The Consent Calendar was reviewed by Members Bartlett and Wienke with the exception of the landscaping for Items J, K, and M reviewed by Member Mudge.

Action: Mudge/Wienke, 6/0/0. Motion carried. (LeCron and Manson-Hing absent.)

Member Mudge reported that the project at 2230 Cliff Drive, was referred back to the Full Board. Mr. Mudge requested that story poles be installed as there is concern with the height of the screen wall. Board members are requested to conduct independent site visits.

D. Announcements, requests by applicants for continuances and withdrawals, future agenda items, and appeals.

1. Ms. Brodison made the following announcements:

- a) Member Manson-Hing will arrive late.
- b) Member LeCron will not attend the meeting.

2. Mr. Limón announced that as part of the Neighborhood Preservation Ordinance update an analysis of the Board's workload is being conducted, as well as possible composition changes. Mr. Limón requested assistance from the Board in reviewing the proposed recommendations prior to presenting them to a City Council Sub-committee. Mr. Limón will provide meeting dates and times via e-mail. Members Bartlett, Blakeley, Sherry, and Wienke expressed interest in participating.

E. Subcommittee Reports.

Airport Subcommittee: Member Wienke reported that he e-mailed photos of the latest proposal to the Board. At this time the main points of discussion are the transfer and location of the existing building.

F. Possible Ordinance Violations.

Chair Bartlett requested an update on 3535 State Street, the Old Fashioned Car Wash. Mr. Limón reported that the project was reviewed on Consent Calendar, and consisted of trellis structures, lighting, and expansion of an equipment area. The lighting pole structures will also be reviewed on Consent Calendar.

(Proposal to combine two existing retail storefronts into one space, facade remodel to existing storefront and add a new HVAC unit to an existing building in the La Cumbre Plaza Shopping Center.)

(Referred to Full Board from the Consent Calendar for review of the proposed color scheme.)

(3:35)

Present: Ryan Mills and Steve Yates, Applicants.

Motion: Final Approval with the following comments:

1) The awning color is approved as shown on lower bottom right corner of the material board (PT 4), not the fluorescent color as presented. 2) The Board feels the amount of signage is excessive, and looks to the Sign Committee to determine the appropriate amount of signage.

Action: Wienke/Mudge, 4/2/0. Motion carried. Mosel, Sherry opposed. (LeCron, Manson-Hing absent)

(Proposal to construct a two-story, 12,349 square foot, mixed-use building. This building on the portion of the lot facing Via Lucero would consist of 8,060 square feet of residential and 4,289 square feet of commercial square footage. The project includes 118 uncovered parking spaces and 100 cubic yards of cut and fill grading under the building footprint. Three existing non-residential buildings totaling 2,556 square feet would be demolished. A modification is requested for encroachment into the front-yard setback on Via Lucero and Development Plan Approval findings are required at ABR for the new commercial square footage.)

(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND STAFF HEARING OFFICER APPROVAL FOR A MODIFICATION AND DEVELOPMENT PLAN APPROVAL FINDINGS.)

(3:50)

Present: Richard Redmand, Architect.

- Motion:** **Continued indefinitely to the Staff Hearing Officer with the following comments:**
- 1) The Board finds that the proposed mixed-use building is an enhancement to the rear portion of the site.
 - 2) The architecture as presented on the north elevation is handsome. Study making the east and south elevations more cohesive with the design of the north and west elevations.
 - 3) The majority of the Board is concerned with the flat appearance of the parapet walls that surround the roof wells. Look for other mechanisms to better integrate roof wells into the tile roof forms.
 - 4) Enhance the pedestrian entry expression to the residential units to make them pedestrian friendly and more obvious.
 - 5) The majority of the Board is concerned that the proposed setback modification, as presented, crowds Via Lucero, especially in light of future sidewalk extensions and other public amenities.
 - 6) Look for ways to enhance landscape and privacy gradient between the north face of the building and Via Lucero.
 - 7) Study the radius at the driveway approach from Via Lucero to be more conducive to automobile turning movements.
- Action:** Wienke/Sherry, 6/0/0. Motion carried. (Manson-Hing abstained.) (LeCron absent.)

(This is a revised project. Proposal to construct a 1,895 square foot three-story single-family residence to include a 610 square foot two-car garage and 94 square feet of covered deck area. The project is on the same 6,067 square foot lot as the existing 1,004 square foot two-story single-family residence with a first-floor 440 square foot garage. Modifications are required to allow less than 1,250 square feet of open-yard space and for encroachments into the front-yard setback.)

(Fifth Concept Review.)

(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT, AND STAFF HEARING OFFICER APPROVAL FOR MODIFICATIONS.)

(4:23)

Present: Eric Swenumson, Designer; Richard Golden, Owner.

Public comment opened at 4:25 p.m., and as no one wished to speak, public comment closed at 4:35 p.m.

Sonia Orpina, resident, expressed concern with height of the proposal.

Maria Zate, resident, expressed appreciation of the design changes, but would like to see craftsman details incorporated, and suggested fence installation.

- Motion:** **Continued indefinitely to the Staff Hearing Officer and return to Consent Calendar with the following comments:**
- 1) Applicant is to enlarge the massing at the columns of the carport entryway to appear more substantial.
 - 2) Provide a sandstone veneer on the facing of all lower level walls.

3) Provide quality traditional craftsman style details. 4) Study minimizing the massing of south-west corner with landscaping. 5) Study the possibility of pulling in the side walls. 6) Diminishing the size of the shed dormer by narrowing the dormer width and extending the full width of the dormer. 7) Restore the existing fence and grading to preconstruction condition along the south property line.

Action: Sherry/Manson-Hing, 7/0/0. Motion carried. (LeCron absent.)

(Proposal for a two-lot subdivision of a 3.45 acre parcel and construction of a new single-family residence in the Hillside Design District. The proposal would create two 75,140 square foot lots. One lot has an existing one-story 5,948 square foot single-family residence, which would remain. The other lot would be developed with a 4,596 square foot three-story residence and attached 1,022 square foot garage and a detached 451 square foot garage. Planning Commission approvals are requested for: a Tentative Subdivision Map, a Modification for garage space in excess of 750 square feet, a street frontage Modification, Neighborhood Preservation Ordinance findings and a Public Street Frontage Waiver.)

(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT, NEIGHBORHOOD PRESERVATION ORDINANCE FINDINGS AND PLANNING COMMISSION APPROVAL OF A TENTATIVE SUBDIVISION MAP AND MODIFICATIONS.)

(4:47)

Present: Justin Van Mullem, Architect; Jeff Minnelli, neighbor to the property owner. Allison DeBusk, Project Planner, was available to respond to questions from the Board.

Public comment opened at 4:57 p.m.

A letter received from Renate Franquet, resident, expressing concern with the garage size, was read into the record by Chair Bartlett.

Public comment closed at 4:58 p.m.

Motion: Continued indefinitely to the Planning Commission with the following comments:

1) The Board carried forward the comment #'s 1-7 from the ABR meeting of June 7, 2004*: *1. The Board generally accepts the reduction in the mass, bulk, and scale from previous reviews. *2. The cutting of the project into the hill is a successful way to mitigate its size. *3. The Board appreciates the reduction of the upper floor square footage. *4. The Board is comfortable with the massing, given that the structure is significantly set back from the neighbors below but wishes to ask the Planning Commission to verify the findings with a story-pole study. *5. Incorporate significant new landscaping, and maintain the existing landscaping between the house and the

neighbor below to further mitigate any overshadowing effect. *6. The Board is concerned with the survival and health of the significant oak trees and requires a report by an arborist on potential impacts to the oaks and to verify that that the oak proposed for removal is indeed unhealthy and not worth saving. *7. Restudy the back bedroom in the dug-in portion of the house to increase the height between the grade and the roof eaves. 2) There is some concern with the proximity of the V-ditch to the base of the oak tree at the north property line. 3) The Board finds the modification request is mostly technical in nature given that two of the covered garage stalls are subterranean and not adding to the mass. 4) The Board does have concern with the detached garage. The applicant is to study reducing the 10-foot plate height. 5) Demonstrate how access is gained to the subterranean storage below the detached garage.

Action: Wienke/Sherry, 7/0/0. Motion carried. (LeCron absent.)

(Proposal for a two-lot subdivision resulting in a 15,199 square foot Parcel 1 and a 10,424 square foot Parcel 2. The proposal for Parcel 1 includes construction of a 735 square foot additional dwelling unit, an attached 420 square foot two-car garage, an attached 210 square foot one-car garage, and one uncovered parking space. The two garages would be attached to the existing 1,483 square foot, one-story, single-family residence. The existing 508 square foot garage and 117 square foot shed would be demolished. Improvements to Parcel 2 would be to define development and building envelopes for a future single-family residence, relocate and improve the existing driveway, and provide an access and utility easement in favor of Parcel 1 as part of subdivision map recordation. Planning Commission approval is requested for a Performance Standard Permit for the additional dwelling unit, a modification to provide one of the required parking stalls as an uncovered stall, a lot frontage modification, a Coastal Development Permit, and a Tentative Subdivision Map.)

(Proposal to construct a three-story mixed use building consisting of six residential units totaling 8,588 square feet and six new commercial spaces totaling 4,615 square feet. The proposal includes demolition of the existing 7,343 square foot warehouse/office on the 11,880 square foot parcel, located in the Coastal Zone. Modifications would be required to provide fewer than the required number of parking spaces and less than the required open-yard area.)

(Second Concept Review.)

(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND PLANNING COMMISSION APPROVAL FOR A COASTAL DEVELOPMENT PERMIT, DEVELOPMENT PLAN APPROVAL FINDINGS AND MODIFICATIONS.)

(5:45)

Present: Steve Yates, CEO, Conceptual Motion; Gerlurd Meyer, Architect, Conceptual Motion; Steve Gelson, DBN Yanonali, LLC, Owner. Peter Lawson, Case Planner, City of Santa Barbara.

Staff comment: There is continued concern with the massing along Yanonali Street. Staff is concerned that there is not a clear delineation of where the residential portion ends and the commercial begins. The amount of required parking will be affected.

- Motion:** **Continued indefinitely to the Planning Commission with the following comments:**
 1) Carried forward from the meeting of 9/11/2006*: 1.* The Board finds that the site planning approach of keeping the building mass along the Yanonali frontage is consistent with existing large industrial type structures on the street. 2) The three dimensional massing model as presented does a good job of putting the proposed project into its neighborhood context. 3) The Board understands the architecture motif of making the new building appear as a remodeled or recycled earlier industrial structure but encourages the applicant to bring forward a detailed set of refinements to the windows, railings, corners of the buildings upper setback cornices that add more character to the structure. 4) The Board finds the façade on Yanonali Street, though it does not set back, is in

keeping with the larger examples in the neighborhood. **5)** The proposed street improvements, with numerous street trees, are a sufficient buffer from the public street to the proposed building. **6)** The applicant is encouraged to continue the street trees onto Gray Avenue, and to provide modulation to allow parking options between the trees. The majority of the Board prefers the 90 degree parking angle as it continues the paseo effect along the sidewalk. **7)** Most of the Board supports either the metal cladding or exposed concrete at the base of the building, and appreciates that the materiality carries into the plaza. **8)** The Board finds that the stepping on the south side is respectful of adjacent neighbors, and the attempt to save the existing vined masonry wall is appropriate for the neighborhood. **9)** Some Board members continue to feel the 20-foot, or higher, first to second finished floor height is excessive. Continue studying ways to lower the building or add other design features to visually diminish the height. **10)** One Board member feels that the location of street furniture should be restudied to not preclude access to the central atrium. **11)** The applicant is encouraged to continue the art trellis element around to the Grey Avenue side of the building, but closer to the building to allow space for street trees. **12)** The Board supports the use of the Demand Analysis for parking, and finds that it diminishes the amount of parking in public view. The Board looks for staff and the Planning Commission to consider ways to determine the appropriate way to delineate residential interior work space to allow the parking reduction to occur.

Action: Wienke/Sherry, 7/0/0. Motion carried. (LeCron absent)
