

CITY OF SANTA BARBARA WATERFRONT DEPARTMENT

MEMORANDUM

Date: May 21, 2015
To: Harbor Commission
From: Scott Riedman, Waterfront Director
Subject: Request for Proposal: Commercial Lease Space at 117-G Harbor Way

RECOMMENDATION: That Harbor Commission;

- A. Consider the Request for Proposal (RFP) Selection Committee's review of the three business proposals received for the commercial space at 117-G Harbor Way;
- B. Accept the recommendation from the RFP Selection Committee that Marine Services is the most responsive and appropriate business to lease the commercial space; and
- C. Direct staff to negotiate a lease agreement with Marine Services based on the business terms outlined in the RFP and return to Harbor Commission with a proposed lease agreement.

BACKGROUND:

The Department began advertising the commercial space for lease at 117-G Harbor Way on March 26, 2015 (Attachment 1). The leasable area is approximately 500 square feet of first floor space (Attachment 2). The commercial space is located on the south side of the building, providing a generous amount of daily exposure from foot and vehicle traffic.

The first page of the Request for Proposals (RFP) stated the leasing priority as follows: 1st Priority: ocean-dependent business, 2nd Priority: ocean-related business, and 3rd Priority: visitor-serving business. In addition, the RFP clearly states that food service facilities will not be considered for this location.

The Harbor Master Plan states, "New leases... shall be found to be consistent with the following Harbor Area Policies: (a) The first priority is to provide essential supplies and services to the boating public to include recreational boaters, commercial fishing, industrial shipping and rescue vessels" (Attachment 3).

Advertising of the lease space included placement on the City website, an advertisement placed in *Boats & Harbors* (published three times per month), advertisement placed in *The Log* and regular Craigslist listings. A total of 36 interested parties from the Department's database were notified of the upcoming lease opportunity

and RFP process. The Department had 9 separate inquiries including 3 on-site visits led by staff during the RFP period.

DISCUSSION:

Three proposals were received by the May 4th deadline. The proposals included one marine services proposal (marine-related); one yacht service and management proposal (marine-related); and one marine-related non-profit proposal. The three proposals are summarized briefly as follows:

Marine Services proposes to operate and maintain a retail store selling general and special order marine-related parts including filters, impellers, alternator belts, oil, coolant, etc. The space is also proposed to be used as a showroom for various products such as Yanmar engines and Kohler generators. No service work will take place in the space. Marine Services will also utilize the space as their main office where clients can make appointments for the various services offered by Marine Services. Proposed hours of operation would be 10 a.m. to 3 p.m. Wednesday through Sunday.

Allied Voyage proposes a joint venture that will be a complete yacht service and management company. Allied Voyage will service all manner of boats (large or small, sail or power) and will act as a liaison between major repair and service work provided by larger firms and the smaller independent contractors in the Harbor. Allied Voyage will provide or manage services in the following areas: canvas work, cleaning and detailing, electrical, engine, plumbing, mast servicing, voyage support, solar arrays, etc. The lease space would be remodeled to include a small office space one side and a small workshop on the other. Proposed hours of operation would be Monday to Friday from 8:30 – 3:30 and Saturdays by appointment.

Save The Mermaids is a locally based non-profit whose mission is to educate the community about human-sourced ocean pollution and advocating for behaviors that benefit the ocean environment. Save The Mermaids (STM) would use the space to facilitate education programs that support their mission, sell merchandise, hold women-based community events (SUP yoga and kayak paddle outs), and display exhibits. In addition, STM proposes to use the space to host after-school events for children, through their Ocean Explorers program. Summer hours would be 10 a.m. to 6 p.m. seven days a week. Winter hours would be Tuesday to Sunday 11 a.m. to 4 p.m.

The RFP Selection Committee met on May 11th to interview the three entities who submitted proposals, as well as review and discuss the proposals. The three entities provided professional presentations regarding their proposals and answered questions from the RFP Selection Committee and Waterfront staff. Each of the proposals offered a viable business concept for the Waterfront. After much discussion and careful consideration, the RFP Selection Committee recommended the Marine Services proposal as being the most appropriate to lease the commercial space at 117-G Harbor Way.

Marine Services has been an established and well run business in the Harbor for over 30 years and they have garnered a solid professional reputation from locals and visitors alike. Marine Services has a number of professional work vehicles and the appropriate equipment to continue to serve the Harbor in a professional manner. Major service work will continue to be run out of their Carpinteria workspace and is backed up by numerous professional certifications including Yanmar and Kohler. The company has solid financial base with proven management experience in operating a successful business. The leasing of a small retail location is the next logical step in this proven company's local growth.

The proposed business terms are summarized as follows:

- **Permitted Use:** Retail, Marine Supplies and Services.
- **Proposed Term:** Three year initial term with two one-year options.
- **Proposed Minimum Monthly Rent:** \$1,200 per month subject to CPI adjustments.
- **Required Insurance:** the City's new standard minimum \$2 million commercial general liability, naming the City as additional insured.

If the Harbor Commission concurs with the RFP Selection Committee's recommendation, staff will begin lease discussions with Marine Services based on the business terms outlined above as a starting point for negotiation. Once terms have been agreed upon, staff will bring the proposed lease agreement back to the Harbor Commission for review and concurrence and forward to the City Council for consideration and approval.

1. **Proposed Term:** Five years, possibly more depending on level of investment in the facility.

2. **Proposed Minimum Monthly Rent:** Approximately \$1,200.00 per month. Base Rent may vary depending on the business use. Rent will be subject to annual CPI adjustment. Please note that all utilities are paid by tenant. There is gas and electrical service to the unit's meters but there is no water and no sewer service.
3. **Proposed Percentage Rent:** The base rent, or four to ten percent of gross sales, whichever is greater. Percentage Rent may or may not apply depending on the business use.
4. **Required Personal Guarantee:** The City's standard personal guarantee will be required if the lease will be with a corporation or Limited Liability Company.
5. **Required Insurance:** Property, business interruption insurance for one year and General Liability insurance at the City's standard limits of \$2,000,000 will be required.

A sample lease agreement is available for review on the Waterfront Department website at <http://www.santabarbaraca.gov/gov/depts/waterfront>. Copies are available for \$0.20 per page.
