

## CITY OF SANTA BARBARA

### PARKS AND RECREATION COMMISSION REPORT

**AGENDA DATE:** September 25, 2013  
**TO:** Parks and Recreation Commission  
**FROM:** Parks Division, Parks and Recreation Department  
**SUBJECT:** Street Tree Advisory Committee Recommendations

**RECOMMENDATION:** That the Commission:

A. Approve the following Street Tree removal request, with conditions.

1. 233 W. Carrillo St. – Archontophoenix cunninghamiana, King Palm – Marc Winnikoff

The Committee recommends (3/0) that the Commission approve the removal request on the condition the applicant replace with a 15-gallon Queen Palm as proposed on their application. The Committee requests the applicant consider planting a second tree at the vacant tree well, as well as provide water to assist in establishing the new trees. The Committee determined that removal of this tree and replacement with a new Queen Palm would be a benefit to the urban forest.

2. 530 Alan Rd. – Liquidambar styraciflua American Sweetgum – Daniel and Sarah McCarter

The Committee recommends (3/0) that the Commission approve the removal request. The Committee determined that if this tree is removed, the remaining trees canopies would be able to develop more fully. The Committee also determined the two remaining trees provide sufficient tree density at this location.
