AGENDA DATE: May 22, 2013

TO: Parks and Recreation Commission

FROM: Administration Division

SUBJECT: Proposed Fiscal Year 2014–2015 Parks and Recreation Department Budget

RECOMMENDATION: That the Commission receive a report on the proposed Community Policing Office at the Franklin Neighborhood Center.

DISCUSSION:

Over the last several months, staff from the Parks and Recreation and Police departments have been discussing a possible pilot program to establish a Community Policing Office at the Franklin Neighborhood Center. The program proposal was recently approved by the City Administrator, and both departments were directed to include the program as part of their Fiscal Year 2014 – 2015 budget. Information on the pilot program was included in the Parks and Recreation Department's May 15, 2013, budget presentation to City Council. Staff will present a report on the program since information was not available for the April 24, 2013, Parks and Recreation Commission budget presentation.
