**III. NEW ITEMS:**

**ACTUAL TIME: 1:15 P.M.**

**A. APPLICATION OF JESSICA KINNAHAN, AGENT FOR THE APPLICANTS OF THE LA VISTA DEL OCEANO DRIVE ROADWAY PROJECT, 1568-1576 LA VISTA DEL OCEANO DRIVE, (035-180-085, -084, & -058 AND 035-170-023 & -022); E-1, ONE-FAMILY RESIDENCE ZONE; GENERAL PLAN DESIGNATION: RESIDENTIAL – 3 UNITS PER ACRE (MST1999-00714)**

The project consists of revisions to the approved roadway proposal. This includes changes to the retaining walls and additional grading. Some of the retaining walls along the roadway are proposed to be moved slightly from the public right-of-way onto private property at 1562 La Vista del Oceano Drive. Additionally, 105 cu. yds. of cut, 190 cu. yds. of fill, and 433 cu. yds. of benching are proposed at 1575 La Vista del Oceano Drive as a direct result of the roadway improvements. The grading is necessary to help stabilize the roadway improvements along the upper section.

This project was previously reviewed by the Planning Commission as part of five inter-related applications located at the end of the lower portion of La Vista del Oceano Drive which is currently unimproved and centrally located in that neighborhood. Some grading and improvements are also required on neighboring parcels (1562, 1564 & 1575 La Vista del Oceano Dr.) that are not directly related to this roadway project.

The following discretionary applications are required:

1. Neighborhood Preservation Ordinance Compliance is required to allow grading in excess of 500 cubic yards (SBMC §22.68.070). The project site is located within the Hillside Design District.
2. A Modification to allow fences, walls, and hedges within the required front yard setback and on either side of a driveway to exceed 3-½' in height in the E-1 Zone (SBMC §28.87.170).

The Environmental Analyst has determined that an Addendum to the Final Mitigated Negative Declaration for 1568-1576 La Vista del Oceano Drive (adopted October 6, 2005, SCH#2005051106) adequately addresses the proposed revisions. The Addendum analysis concludes that no new significant impacts beyond those identified in the prior Final Mitigated Negative Declaration would result from the proposed project revisions.

**B. APPLICATION OF RICK JEFFREY FOR EUCALYPTUS MODERN, LLC, 1776 EUCALYPTUS HILL ROAD, APN 015-161-054, A-2 / ONE-FAMILY RESIDENCE ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL – 2 UNITS PER ACRE, (MST2002-00614)**

The project consists of the subdivision of a 172,137 net square foot lot into two parcels. Parcel A would be 75,301 net square feet with an average slope of 36%. Parcel B would be 96,836 net square feet with an average slope of 35% and would contain the existing approximately 9,000 square foot single-family residence. Ingress to both lots would be provided via the existing driveway apron located primarily on Parcel B. No residential development is currently proposed for Parcel A, although a conceptual study has been prepared to illustrate development potential. The building envelope for Parcel A is 5,200 square feet, with a 28% slope. The project also includes removal of the paved driveway that leads to the bottom of the hill, restoration of the hillside to its natural topography, and installation of a new storm drain that outlets at the edge of the creek that runs along the east side of the lot, thus correcting an existing erosion problem.

The discretionary application required for this project is:

A Tentative Subdivision Map to allow the division of one parcel into two lots (SBMC 27.07).

The Planning Commission will consider approval of the Mitigated Negative Declaration prepared for the project pursuant to the California Environmental Quality Act Guidelines Section 15074.

**IV. STAFF HEARING OFFICER APPEAL:**

**ACTUAL TIME: 2:47 P.M.**

**APPLICATION OF WAYNE LABRIE, FOR MATT AND WENDY LABRIE, 606 CALLE GRANADA, 053-083-012, E-3/SD-2 SINGLE FAMILY RESIDENCE/OUTER STATE STREET OVERLAY ZONES, GENERAL PLAN DESIGNATION: 5 UNITS/AC (MST2006-00430)**

The project site contains a single family residence that is currently undergoing a remodel and addition, along with a new two care garage and an existing swimming pool. On October 11, 2006, the Staff Hearing Officer denied a request to allow an eight foot tall wall within 10 feet of the front lot line. This is an appeal of the Staff Hearing Officer's denial. The wall has been redesigned to be farther from the property line.

The discretionary application required for this project is a Modification to allow a wall greater than 3.5 feet in height within 10 feet of the front lot line (SBMC § 28.87.170.B.).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15305.
