**APPLICATION OF PAUL ZINK, ARCHITECT FOR RICHARD UNTERMANN AND GAIL ELNICKY, 1712 ANACAPA STREET, 027-111-014 R-2 ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL, 3 UNITS PER ACR (MST2008-00435)**

The project site is located at 1712 Anacapa Street between Valerio Street and Islay Street. The project includes a proposal to subdivide the existing 23,160 square foot lot into three lots that would have one single-family residence on each proposed lot. Parcel 1 would be 8,140 square feet, and would include a new two-story 2,650 square foot single-family residence with a new two-car garage. Parcel 2 would be 7,020 square feet, with a new two-story 2,440 square foot single-family residence with a new two-car garage. Parcel 3 would be 8,000 square feet, and would be the site for a new two-story 2,720 square foot single-family residence with a new two-car garage. Pedestrian and vehicular access for all three units would be provided by a new 16 foot wide easement along the northwest property line. A total of 869 cubic yards of grading is proposed for the existing parcel.

The purpose of the concept review is to allow the Planning Commission and the public an opportunity to review the proposed project design at a conceptual level and provide the Applicant and Staff with feedback and direction regarding the proposed land use and design with an emphasis on General Plan consistency. The opinions of the Planning Commission may change or there may be ordinance or policy changes that could affect the project that would result in requests for project design changes. **No formal action on the development proposal will be taken at the concept review, nor will any determination be made regarding environmental review of the proposed project.**

The discretionary applications required for this project are:

1. A Tentative Subdivision Map for a one-lot subdivision to create three (3) new lots (SBMC 27.07);
