This is an appeal of the June 3, 2009 approval of a Coastal Development Permit by the Staff Hearing Officer. The proposed project consists of the proposal to construct an attached 361 net square foot, two-car carport addition, and to permit the as-built conversion of the existing garage to habitable space, in order to abate violations listed in the enforcement case (ENF2008-01423). Additionally, a detached accessory building will be relocated to provide a five-foot separation from the main building and will be located outside of the required setbacks.

The discretionary applications required for this project is a Coastal Development Permit (CDP2009-00001) to allow an addition which is greater than 10% of the floor area within the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301 (Additions to Small Structures).
