This is an appeal of the July 15, 2009 Staff Hearing Officer decision to approve a **Modification and Tentative Subdivision Map**. The project consists of the demolition of an existing duplex, and the construction of a sustainable, 5,897 square foot, three-story, mixed-use building. The proposal will result in two residential condominiums and two commercial condominiums, with an on-grade parking structure. Two bicycle parking spaces and a changing room are provided on-site. The residential units are two 1,508 s.f., two-bedroom, three-story units at the rear of the lot. The commercial units are a total of 983 s.f. and are located on the first and second floor adjacent to the street. The proposal includes 2,015 s.f. of green roof and upper level landscape plantings.

The discretionary applications required for this project are:

1. A Modification to allow the required common open area to be located in the front yard, and/or smaller than the required dimensions (SBMC §28.21.081.A.3. and §28.92.110.A); and
2. A Tentative Subdivision Map for a one-lot subdivision to create two (2) commercial and two (2) residential condominium units (SBMC 27.07 and 27.13).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15303 (New Construction of Small Structures) and 15315 (Minor Land Use Divisions).
