## CITY OF SANTA BARBARA PLANNING COMMISSION

RESOLUTION NO. 016-10  
2102 EDGEWATER WAY  
COASTAL DEVELOPMENT PERMIT  
NOVEMBER 18, 2010

**APPLICATION OF JIM DAVIS, ARCHITECT FOR JASON AND ROBYN OHEARN, 2102 EDGEWATER WAY, APN 041-344-009, E-3/SD-3 ZONES, SINGLE FAMILY RESIDENCE AND COASTAL ZONES, GENERAL PLAN DESIGNATION: RESIDENTIAL 5 UNITS PER ACRE (MST2010-00136)**

The project consists of a proposal for a two-story addition consisting of 438 square feet at the upper-level and 415 square feet at the lower-level, and a 250 square foot upper-level deck. The existing 2,229 square foot two-story single-family residence and attached 422 square foot two-car garage are located on a 9,375 square foot lot in the Coastal Zone. The project will abate violations in ZIR2008-00208 by removing a storage shed and altering and permitting existing fencing. The proposed total of 3,504 square feet is 99% of the maximum floor to lot area ratio.

The discretionary application required for this project is a Coastal Development Permit (CDP2008-00007) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44).

**WHEREAS**, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

**WHEREAS**, no one appeared to speak in favor of the application, and no one appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, November 11, 2010.
2. Site Plans
3. Correspondence received in support of the project:
  - a. James LeCron, AIA, via email
  - b. Art Vasquez, via email
4. Correspondence received in opposition to the project:
  - a. Paula Westbury, Santa Barbara, CA

**NOW, THEREFORE BE IT RESOLVED** that the City Planning Commission:

- I. Approved the subject application making the following findings and determinations:

**Coastal Development Permit (SBMC §28.44)**

The project is consistent with the policies of the California Coastal Act, the City's Local Coastal Plan, all implementing guidelines, and applicable provisions of the Code. As discussed in Section VI.C of the staff report, the residence with its proposed two-story addition is compatible with the existing neighborhood, would not be visible from the beach, would not impact views from public view corridors, would not impact public access, and would not contribute to safety or drainage hazards on the site

including those related to seacliff retreat, and is not located on a coastal bluff or on an archaeologically sensitive site.

II. Said approval is subject to the following conditions:

A. **Recorded Conditions Agreement.** Prior to the issuance of any Public Works permit or Building permit for the project on the Real Property, the Owner shall execute a written instrument, which shall be reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:

1. **Approved Development.** The development of the Real Property approved by the Planning Commission on November 18, 2010, is limited to a two-story addition of 853 square feet. The project will result in a 3,504 square foot two story, single family residence and the improvements shown on the plans signed by the chairman of the Planning Commission on said date and on file at the City of Santa Barbara.
2. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water onto the Real Property including, but not limited to, swales, natural watercourses, conduits and any access road, as appropriate.
3. **Recreational Vehicle Storage Limitation.** No recreational vehicles, boats, or trailers shall be stored on the Real Property unless enclosed or concealed from view as approved by the Single Family Design Board (SFDB).
4. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Single Family Design Board (SFDB). Such plan shall not be modified unless prior written approval is obtained from the (SFDB). The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan. If said landscaping is removed for any reason without approval by the SFDB), the owner is responsible for its immediate replacement.

B. **Public Works Requirements Prior to Building Permit Issuance.** The Owner shall submit the following, or evidence of completion of the following to the Public Works Department for review and approval, prior to the issuance of a Building Permit for the project.

1. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property in an "Agreement Assigning Water Extraction Rights." Engineering Division Staff will prepare said agreement for the Owner's signature.
2. **Removal or Relocation of Public Facilities.** Removal or relocation of any public utilities or structures must be performed by the Owner or by the person or persons having ownership of control thereof.

C. **Community Development Requirements with Building or Public Works Permit Application.** The following shall be submitted with the application for any Building or Public Works permit and finalized prior to Building or Public Works Permit issuance:

1. **Zoning Compliance Declaration.** The Owner shall file a Zoning Compliance Declaration to assure that the residence shall remain a single family residence.

D. **Building Permit Plan Requirements.** The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.

1. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the Single Family Design Board.
2. **Conditions on Plans/Signatures.** The final Planning Commission Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Archaeologist contract submitted to Community Development Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

Signed:

Property Owner		Date
Contractor	Date	License No.
Architect	Date	License No.
Engineer	Date	License No.

E. **Construction Implementation Requirements.** All of these construction requirements shall be carried out in the field by the Owner and/or Contractor for the duration of the project construction.

1. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Friday before 7:00 a.m. and after 5:00 p.m., and all day on Saturdays, Sundays and holidays observed by the City of Santa Barbara, as shown below: (look at longer or shorter hours and Saturday construction, depending on project location)

New Year's Day	January 1st*
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February
Cesar Chavez Day	March 31st
Memorial Day	Last Monday in May
Independence Day	July 4th*
Labor Day	1st Monday in September
Thanksgiving Day	4th Thursday in November
Following Thanksgiving Day	Friday following Thanksgiving Day
Christmas Day	December 25th*

\*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number that is answered by a person, not a machine.

2. **Construction Parking/Storage/Staging.** Construction parking and storage shall be provided as follows:
  - a. During construction, free parking spaces for construction workers and construction shall be provided on-site or off-site in a location subject to the approval of the Public Works Director. Construction workers are prohibited from parking within the public right-of-way, except as outlined in subparagraph b. below.
  - b. Parking in the public right of way is permitted as posted by Municipal Code, as reasonably allowed for in the 2006 Greenbook (or latest reference), and with a Public Works permit in restricted parking zones. No more than three (3) individual parking permits without extensions may be issued for the life of the project.
  - c. Storage or staging of construction materials and equipment within the public right-of-way shall not be permitted, unless approved by the Transportation Manager.
3. **Water Sprinkling During Grading.** The following dust control measures shall be required, and shall be accomplished using recycled water whenever the Public Works Director determines that it is reasonably available:
  - a. Site grading and transportation of fill materials.
  - b. Regular water sprinkling; during clearing, grading, earth moving or excavation.
  - c. Sufficient quantities of water, through use of either water trucks or sprinkler systems, shall be applied on-site to prevent dust from leaving the site.
  - d. Each day, after construction activities cease, the entire area of disturbed soil shall be sufficiently moistened to create a crust.
  - e. Throughout construction, water trucks or sprinkler systems shall also be used to keep all areas of vehicle movement on-site damp enough to prevent dust raised from leaving the site. At a minimum, this will include wetting down such areas in the late morning and after work is completed for the day. Increased watering frequency will be required whenever the wind speed exceeds 15 mph.
4. **Expeditious Paving.** All roadways, driveways, sidewalks, etc., shall be paved as soon as possible. Additionally, building pads shall be laid as soon as possible after grading unless seeding or soil binders are used, as directed by the Building Inspector.

5. **Gravel Pads.** Gravel pads shall be installed at all access points to the project site to prevent tracking of mud on to public roads.
6. **Street Sweeping.** The property frontage and adjacent property frontages, and parking and staging areas at the construction site shall be swept daily to decrease sediment transport to the public storm drain system and dust.
7. **Construction Best Management Practices (BMPs).** Construction activities shall address water quality through the use of BMPs, as approved by the Building and Safety Division.
8. **Construction Equipment Maintenance.** All construction equipment, including trucks, shall be professionally maintained and fitted with standard manufacturers' muffler and silencing devices.
9. **Unanticipated Archaeological Resources Contractor Notification.** Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and the applicant shall retain an archaeologist from the most current City Qualified Archaeologists List. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

- F. **Prior to Certificate of Occupancy.** Prior to issuance of the Certificate of Occupancy, the Owner of the Real Property shall complete the following:
  1. **Repair Damaged Public Improvements.** Repair any damaged public improvements (curbs, gutters, sidewalks, roadways, etc.) subject to the review and approval of the Public Works Department per SBMC §22.60.090. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.

- G. **Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the City and the City's Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

**NOTICE OF COASTAL DEVELOPMENT PERMIT TIME LIMITS:**

Pursuant to Section 28.44.230 of the Santa Barbara Municipal Code, work on the approved development shall commence within two years of the final action on the application, unless a different time is specified in the Coastal Development Permit. Up to three (3) one-year extensions may be granted by the Community Development Director in accordance with the procedures specified in Subsection 28.44.230.B of the Santa Barbara Municipal Code.

This motion was passed and adopted on the 18th day of November, 2010 by the Planning Commission of the City of Santa Barbara, by the following vote:
