NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

A. Conditional Use Permit (SBMC §28.94.020)

1. Any such use is deemed essential or desirable to the public convenience or welfare and is in harmony with the various elements or objectives of the Comprehensive General Plan;

The downtown Farmers Markets provide desirable, convenient locations for the public to purchase fresh local agricultural products and a marketplace for local farmers and fishermen to sell their goods. The downtown Farmers Markets have been operating at these locations for many years and no major problems have arisen. As discussed in Section VI above, the General Plan refers to the benefits of the Farmers Market to the buyers, sellers, and general downtown area and describes the desirable conjunctive use of the Cota Commuter Lot with the Saturday Farmers Market.

2. Such uses will not be materially detrimental to the public peace, health, safety, comfort and general welfare and will not materially affect property values in the particular neighborhood involved.

The operation of the Market is accommodated by available parking spaces in City Parking Lots 10, 11, and 12 and within the surrounding neighborhoods. The Farmers Market and the City make efforts to minimize the disruption in City traffic patterns through implementation of traffic detour plans and encouragement of the use of the City lots for parking. The Market also provides restroom facilities and recycling and trash receptacles.

3. The total area of the site and the setbacks of all facilities from property and street lines are of sufficient magnitude in view of the character of the land and of the proposed development that significant detrimental impact on surrounding properties is avoided.

The location of the Market vendors has been carefully considered to avoid conflicts with businesses in the area, provide emergency access, and allow for use of existing driveways. Placement of barricades does not block traffic on any cross streets. Clean-up of the site following the close of each Market is required and has been completed in a satisfactory manner in the past.

4. Adequate access and off-street parking including parking for guests is provided in a manner and amount so that the demands of the development for such facilities are adequately met without altering the character of the public streets in the area at any time.

During the times of each of the Markets, there is adequate parking in surrounding City parking lots to accommodate the patrons of the Farmer's Markets. The

Markets inform patrons of available parking in proximate City parking lots with signage. Additionally, the project provides temporary bicycle racks within the Cota Commuter Lot during the Saturday market to encourage and facilitate bicycle use.

5. The appearance of the developed site in terms of the arrangement, height, scale and architectural style of the buildings, location of parking areas, landscaping and other features is compatible with the character of the area. The Planning Commission shall have the authority to approve the design of open space. Design shall mean size, shape, location and usability for proposed private, public, or quasi-public purposes and development. Approval of such open spaces may be expressly conditioned upon an offer of conveyance by the owner to the City of Santa Barbara of the development rights, the right to prohibit the construction of additional buildings, or other property rights, necessary to achieve the purpose set forth in this title.

The appearance and character of the Markets are compatible with the commercial nature of the surrounding areas. The Markets are a temporary use with no permanent physical change necessary for their accommodation.

6. Compliance with any additional specific requirements for a conditional use permit.

The Zoning Ordinance limits Certified Farmer's Markets to Commercial Zones. Both Market locations are zoned C-M (Commercial Manufacturing). No other specific requirements are applicable for the use.

II. Said approval is subject to the following conditions:

A. The following conditions shall be imposed on the continued use of the operation of the Farmers Market authorized by this Conditional Use Permit (CUP). FARMERS MARKET

CONDITIONAL USE PERMIT AND COASTAL DEVELOPMENT PERMIT

JULY 20, 2006

**APPLICATION OF SANTA BARBARA CERTIFIED FARMERS MARKET, 1100 – 1200
BLOCKS OF COAST VILLAGE ROAD, APN 009-291-RW, C-1 LIMITED COMMERCIAL /
SD-3 COASTAL OVERLAY ZONES, GENERAL PLAN DESIGNATION: GENERAL
COMMERCE/ STREET BUFFER / BIKEWAY (MST2006-00156)**

Since 1994, the Santa Barbara Certified Farmers Market (SBCFM) has operated on Friday mornings in various areas along the 1100-1200 blocks of Coast Village Road. On July 19, 2001, the Planning Commission approved a Conditional Use Permit (CUP) for a five-year period, for the operation of a certified farmers market on Fridays on a 4-zone weekly rotational basis in the street public right-of-way of the 1100 and 1200 blocks of Coast Village Road. The market operates from 8:00 a.m. to 11:15 a.m., with street closure allowed between the hours of 6:00 a.m. and 11:45 a.m. The only requested amendment to the CUP is to allow the market to operate the day after Thanksgiving. This application is for the renewal of the CUP for the continuance of the operation of the weekly farmers market.

The discretionary applications required for this project are:

1. A Conditional Use Permit to allow the public right-of-way on the 1100-1200 blocks of Coast Village Road to be used for a Farmers Market on Friday mornings (SBMC §28.94.030.N); and
2. A Coastal Development Permit to allow the public right-of-way on the 1100-1200 blocks of Coast Village Road to be used for a Farmers Market on Friday mornings in the Non-Appealable jurisdiction of the City's Coastal Zone (SBMC §28.45.009).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15304 (e).

WHEREAS, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application, and no one appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, July 13, 2006.
2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

- I. Approved the subject application making the following findings and determinations:

A. *Coastal Development Permit (SBMC §28.45.009)*

The proposed project is consistent with the policies of the California Coastal Act and all applicable policies of the City's Local Coastal Plan, is consistent with all applicable implementing guidelines, and all applicable provisions of the Code. The project would maintain a transitory visitor-serving use on Coast Village Road and would not alter the character of the public streets in the area since no permanent alterations are proposed.

B. *Conditional Use Permit*

1. The use is deemed essential or desirable to the public convenience or welfare and is in harmony with the various elements or objectives of the Comprehensive General Plan. The Markets provide a place for the public to shop for fresh produce, have provided an arena for local farmers and fisherman to sell their goods, and have been operating in these locations for several years. Additionally, the Markets are located in a commercial area, which encourages commercial use;
2. The uses will not be materially detrimental to the public peace, health, safety, comfort and general welfare and will not materially affect property values in the particular neighborhood involved. The operation of the Market is accommodated by available public on-street parking in the surrounding neighborhood and efforts are made to minimize the disruption in City traffic patterns;
3. The total area of the Market and the location of the operations from property and street lines are of sufficient magnitude in view of the character of the land and of the proposed development that significant detrimental impact on surrounding properties is avoided. The location of the Market vendors has been carefully considered to minimize conflicts with businesses in the area, and provides emergency access. Placement of barricades does not block traffic on any of the cross streets. Cleanup of the site following the Market is also conditioned and has been accomplished in a satisfactory manner;
4. Adequate access and off street parking including parking for patrons is provided in a manner and amount so that the demands of the development for such facilities are adequately met without altering the character of the public streets in the area at any time. There is an adequate amount of parking in the surrounding public parking areas to accommodate the patrons of the Farmers Market.
5. The appearance and character of the Market is compatible with the commercial nature of the neighborhood. The Market is a temporary use, no physical change is necessary to accommodate the Market, and the operators are responsible for the cleaning of the area prior to the re-opening of these areas, and after use on-going basis.

6. The proposal is in compliance with any additional specific requirements for a conditional use permit. The Planning Commission may impose such other conditions and restrictions upon the proposed use consistent with the Comprehensive General Plan and may require security to assure satisfactory performance of all conditions and restrictions.

II. Said approval is subject to the following conditions:

- A. The following conditions shall be imposed on the continued use and operation of the Farmers Market authorized by this Conditional Use Permit (CUP). These Conditions shall supersede Planning Commission Resolution No. 041-01 effective July 20, 2006 and shall remain in effect for the duration of this permit. Updated copies of all of the agreements and information required below shall be submitted to City Staff within 30 days of the approval of this CUP:

1. The Santa Barbara Certified Farmers Market Association (herein after, the "Market") shall maintain its status as a Certified Farmers Market as defined, authorized and permitted in accordance with the California Code of Regulations Sections 1392 –1392.8 and the California Food and Agricultural Code, Sections 47000 through 47026, collectively the "Direct Marketing Law."
2. The development of the Real Property approved by the Planning Commission in the public right-of-way is limited to the areas and improvements shown on the Site Plan signed by the chairman of the Planning Commission on said date and on file at the City of Santa Barbara. The Market shall be allowed to operate on Fridays on a 4-zone weekly rotational basis in the street public right-of-way of the 1100 and 1200 blocks of Coast Village Road. The Market shall have the discretion to define the specific hours of their operation, as long as the street closure hours are strictly adhered to. Street closure shall be allowed between the hours of 6:00 a.m. and 11:45 a.m.

The boundaries of each zone are as follows:

Zone A - The 1100 Block of Coast Village Road public right-of-way and median strip adjacent to Haywards Home and Santa Barbara Travel (westernmost zone).

Zone 3 – The 1200 Block of Coast Village Road public right-of-way and median strip adjacent to Olive Mill Plaza.

Zone 4 – The 1200 Block of Coast Village Road public right-of-way and median strip adjacent to Hessellund Nursery and Coast Village Square (easternmost zone).

The Market shall submit an updated traffic detour plan for review, on or before December 31st of each year. The detour plan shall include the following:
