The proposed project involves a 302 square foot two-story addition and new first and second floor covered porches at the rear of the existing 2,044 square foot two-story single-family residence with a detached 420 square foot two-car garage, on the 6,600 square-foot site. The existing house exceeds 25 feet in height and is currently 86% of the maximum FAR.

**IV. DISCUSSION ITEM:**

**APPLICATION OF JEFF GORRELL, ARCHITECT FOR OLIVE OIL & GAS, APPLICANT, 1298 COAST VILLAGE ROAD, APN: 009-230-043, ZONING DESIGNATION: COMMERCIAL (C-1), LOCAL COASTAL PLAN DESIGNATION: COMMERCIAL (MST2004-00493)**

On March 28, 2008, the Planning Commission approved demolition of an existing service station and construction of a new, approximately 18,000 square foot mixed-use project, comprised of eight residential units and 5,000 square feet of commercial space on this site. The project was appealed to City Council. On July 15, 2008, Council denied the appeal and approved the project with minor changes (City Council Resolution 08-084).

The current proposal is a Substantial Conformance Determination request to reduce the number of residential units from eight to six, which includes minor changes to the building elevations and floor plans. The proposed project also includes relocating the required residential storage area and increasing the amount of parking. The purpose of the hearing is to receive input from the Planning Commission and the public regarding the request. The Community Development Director will make the final determination as to whether or not the proposal is in substantial conformance with the approved project; therefore, the Planning Commission will not take a formal action on this item.
