APPLICATION OF PEIKERT+RRM DESIGN GROUP, ARCHITECT FOR THE HOUSING AUTHORITY OF THE CITY OF SANTA BARBARA AND GARDEN COURT INC., 251 S. HOPE AVE., APN 051-240-008, ZONING DESIGNATIONS: E-3 (SINGLE FAMILY RESIDENTIAL)/P-D (PLANNED DEVELOPMENT)/SD-2 (UPPER STATE AREA OVERLAY)/SP-4 (RANCHO ARROYO SPECIFIC PLAN), GENERAL PLAN DESIGNATION: COMMERCIAL/MEDIUM HIGH DENSITY RESIDENTIAL (15-27 UNITS PER ACRE) (MST2014-00142)

The City received a request from the Housing Authority of the City of Santa Barbara and Garden Court Inc. for a second Planning Commission concept review in order to provide feedback on four design alternatives on the vacant, 1.76 acre lot at 251 S. Hope Avenue. The alternatives would provide 90 to 93 units of affordable senior housing and 27 to 40 parking spaces. One of the design alternatives includes fourth story elements; the other three alternatives are proposed to be three stories. The property is included in the Rancho Arroyo Specific Plan area.

The purpose of this concept review is to allow the Planning Commission and the public an opportunity to review the design alternatives at a conceptual level and provide the applicant and staff with feedback and direction regarding the proposed land use and design. The opinions of the Planning Commission may change or there may be ordinance or policy changes that could affect the project that would result in requests for future project design changes.

No formal action on the development proposal will be taken at the concept review meeting, nor will any determination be made regarding environmental review of the proposed project.

With no one else wishing to speak, the public hearing was closed at 3:15 P.M.

Chair Thompson called for a recess at 3:15 P.M. and reconvened the hearing at 3:30 P.M.

Commissioner Schwartz left the dais at 4:43 P.M. and returned to the dais at 4: 46 P.M.

Commissioners were asked to comment on 1) whether the location was appropriate for the proposed use; 2) the minimum acceptable setback for the creek. 3) support for the reduced front setback; and 4) whether a four story project could be supported.

Commissioner's Comments:

Location:

- A majority of the Commission supported the location as being appropriate for the proposed use.

Creek Setback Minimum:

- Commissioner Schwartz can support a creek setback between 26' and 35'.
- Commissioner's Jordan, Lodge, and Higgins support a minimum creek setback of 50 feet as recommended by the Creeks Division.
- Commissioner Pujo prefers a minimum creek setback of 50 feet, but would accept a setback of less than 50 feet.
- Commissioner Thompson supports a creek setback exceeding 25 feet.

Front Setback Modification:

- Many Commissioners could support a front setback modification.
- Commissioners Schwartz and Jordan suggested reducing the sidewalk width to the legally-required minimum to meet ADA standards.
- Many Commissioners agreed with the suggestion made by Lee Moldaver to reclaim some width of S. Hope Avenue from the travel lanes and median, which would allow the building to be located further away from the creek.
- Commissioner Jordan suggested gaining more creek setback by eliminating the parkway, since there is no other parkway in the area; and reducing the front setback for the building.
- Commissioners Lodge and Higgins would be disappointed in losing the parkway, but support the resulting increase to the creek setback.

Four Stories:

- A majority of the Commission did not feel that four stories were necessary and could support a three story project.
- Commissioners Pujo and Lodge could support a fourth story.
- Commissioners Higgins and Thompson could not support a fourth story.
- Commissioner Higgins does not support a podium building design.

Additional Comments:

- Many Commissioners pointed out the need to balance General Plan Goals, Policies, and Implementation Strategies for competing community needs.
- Commissioner Pujo stated that Alternatives 1 and 4, because of the parking layout and less cost, were the better of those presented.
- Commissioner Higgins suggested that the Housing Authority submit an application rather than request another concept review, to move forward with a request to Public Works to review potential changes to S. Hope Avenue.

MOTION: Jordan/Pujo

Instruct Staff to initiate discussions between the applicant and Public Works Staff regarding the potential to narrow the travel lanes, median and/or sidewalk of S. Hope Avenue and report back to the Planning Commission within 60 days.

Commissioner Schwartz referenced Housing Element Policy H16, and asked for expediency in Staff exploration.
