

City of Santa Barbara California

CITY OF SANTA BARBARA STAFF HEARING OFFICER

RESOLUTION NO. 024-07
1809 SAN ANDRES STREET
TENTATIVE SUBDIVISION MAP
MARCH 28, 2007

APPLICATION OF NOAH GREER, ON DESIGN ARCHITECTS, AGENT FOR GEORGE BREGANTE, 1809 SAN ANDRES STREET, 043-152-013, R-2 TWO-FAMILY RESIDENCE ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL, 12 UNITS PER ACRE (MST2005-00464)

The project consists of a one-lot subdivision with two condominiums on a 6,875 square foot lot. The project includes a second-story addition to an existing residence and construction of a new detached two-story unit. The rear portion of the existing residence would also be demolished. Three covered parking spaces and one uncovered space would be provided.

The discretionary application required for this project is a Tentative Subdivision Map for a one-lot subdivision to create two (2) residential condominium units (SBMC §27.07 and §27.13).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines 15303, New Construction of Small Structures, and 15315, Minor Land Divisions.

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, one person appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, March 28, 2007.
2. Site Plans
3. Correspondence received in opposition to the project:
 - a. Thomas, Jablonski, 1807 San Andres Street, Santa Barbara, CA 93101

NOW, THEREFORE BE IT RESOLVED that the City Staff Hearing Officer:

- I. Approved the subject application making the following findings and determinations:
 - A. Tentative Map (SBMC §27.07.100)

The Tentative Subdivision Map is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara. The site is physically suitable for the proposed development, the project is consistent with the density provisions of the Municipal Code and the General Plan, and the proposed use is consistent with the vision for this neighborhood of the General Plan. The design of the project will not cause substantial

environmental damage, and associated improvements will not cause serious public health problems.

B. The New Condominium Development (SBMC §27.13.080)

1. There is compliance with all provisions of the City's Condominium Ordinance.

The project complies with the physical standards for condominiums related to parking, private storage space, utility metering, laundry facilities, density, and outdoor living space requirements.

2. The proposed development is consistent with the General Plan of the City of Santa Barbara.

The project can be found consistent with policies of the City's General Plan including the Housing Element and Land Use Element. The project will provide infill residential development that is compatible with the surrounding neighborhood.

3. The proposed development is consistent with the principles of sound community planning and will not have an adverse impact upon the neighborhood's aesthetics, parks, streets, traffic, parking and other community facilities and resources.

The project is an infill residential project proposed in an area where residential development is a permitted use. The project is adequately served by public streets, will provide adequate parking to meet the demands of the project and will not result in traffic impacts. The design has been reviewed by the City's design review board, which found the architecture and site design appropriate.

II. Said approval is subject to the following conditions:

- A. **Recorded Agreement.** Prior to the issuance of any Public Works permit or Building permit for the project on the Real Property, the Owner shall execute an "Agreement Relating to Subdivision Map Conditions Imposed on Real Property" which shall be reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:

1. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water through the Real Property including, but not limited to, swales, natural water courses, conduits and any access road, as appropriate. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health or damage to the Real Property or any adjoining property.
2. **Recreational Vehicle Storage Prohibition.** No recreational vehicles, boats or trailers shall be stored on the Real Property.

3. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Architectural Board of Review (ABR). Such plan shall not be modified unless prior written approval is obtained from the ABR. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan.
4. **Approved Development.** The development of the Real Property approved by the Staff Hearing Officer on March 28, 2007 is limited to two (2) dwelling units and the improvements shown on the plans and Tentative Subdivision Map signed by the Staff Hearing Officer on said date and on file at the City of Santa Barbara.
5. **Required Private Covenants.** The Owners shall record in the official records of Santa Barbara County either private covenants, a reciprocal easement agreement, or a similar agreement which, among other things, shall provide for all of the following:
 - a. **Common Area Maintenance.** An express method for the appropriate and regular maintenance of the common areas, common access ways, common utilities and other similar shared or common facilities or improvements of the development, which methodology shall also provide for an appropriate cost-sharing of such regular maintenance among the various owners of the condominium parcels.
 - b. **Garages Available for Parking.** A covenant that includes a requirement that all garages be kept open and available for the parking of vehicles owned by the residents of the property in the manner for which the garages were designed and permitted.
 - c. **Landscape Maintenance.** A covenant that provides that the landscaping shown on the approved Landscaping Plan shall be maintained and preserved at all times in accordance with the Plan.
 - d. **Trash and Recycling.** Trash holding areas shall include recycling containers with at least equal capacity as the trash containers, and trash/recycling areas shall be easily accessed by the consumer and trash hauler. Green waste shall either have containers adequate for the landscaping or be haled off site by the landscaping maintenance company. If no green waste containers are provided for common interest developments, include an item in the CC&Rs stating that the green waste will be haled off site.
 - e. **Covenant Enforcement.** A covenant that permits each owner to contractually enforce the terms of the private covenants, reciprocal easement agreement, or similar agreement required by this condition.
6. **Lighting.** Exterior lighting, where provided, shall be consistent with the City's Lighting Ordinance and most currently adopted Energy Code. No floodlights

shall be allowed. Exterior lighting shall be shielded and directed toward the ground.

7. **Storm Water Pollution Control and Drainage Systems Maintenance.** Owner shall maintain the drainage system, and storm water pollution control devices in a functioning state and in accordance with the Operations and Maintenance Procedure Plan approved by the Building Official, in consultation with the Parks and Recreation Department Creeks Division. Should any of the project's surface or subsurface drainage structures or storm water pollution control devices fail to capture, infiltrate and/or treat, or result in increased erosion, the Owner shall be responsible for any necessary repairs to the system and restoration of the eroded area. Should repairs or restoration become necessary, prior to the commencement of such repair or restoration work, the applicant shall submit a repair and restoration plan to the Community Development Director to determine if an amendment or a new Building permit is required to authorize such work. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health or damage to the Real Property or any adjoining property.

B. **Public Works Submittal Prior to Parcel Map Approval.** The Owner shall submit the following, or evidence of completion of the following, to the Public Works Department for review and approval, prior to processing the approval of the Parcel Map for the project:

1. **Parcel Map.** The Owner shall submit to the Public Works Department for approval, a Parcel Map prepared by a licensed land surveyor or registered Civil Engineer. The Parcel Map shall conform to the requirements of the City Survey Control Ordinance.
2. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property. Said agreement will be prepared by Engineering Division Staff for the Owner's signature.
3. **Required Private Covenants.** The Owner shall submit a copy of the recorded private covenants, reciprocal easement agreement, or similar private agreements required for the project.
4. **Drainage Calculations or a Hydrology Report.** The Owner shall submit drainage calculations or a hydrology report prepared by a registered civil engineer or licensed architect demonstrating that the new development will not increase runoff amounts above existing conditions for a 25-year storm event. Any increase in runoff shall be retained on-site or otherwise addressed as required by Public Works and Building & Safety staff.
5. **San Andres Street Public Improvement Plans.** The Owner shall submit building plans for construction of improvements along the property frontage on

San Andres Street. As determined by the Public Works Department, the improvements shall include new and/or remove and replace to City standards, the following: sidewalk, driveway apron modified to meet Title 24 requirements, slurry seal a minimum of twenty-feet (20') beyond the limits of all trenching, underground service utilities, connection to City water and sewer mains, public drainage improvements with supporting drainage calculations and/or hydrology report for installation of drainage pipe & curb drain outlets, supply and install one residential style standard street light, style to be determined by the Public Works Department and the ABR, coordinate with City staff to retire light standard on existing utility pole, preserve and/or reset survey monuments and contractor stamps, supply and install directional/regulatory traffic control signs according to the MUTCD Chapter 6, storm drain stenciling, two new street trees per approval of the City Arborist and provide adequate positive drainage from site. The existing private sewer lateral serving the property is subject to the Sewer Line Inspection Program, and shall be repaired before new dwelling(s) is occupied. Any existing sewer lateral(s) identified to be abandoned, shall be disconnected at the sewer mainline connection. A licensed plumber shall verify if the property requires a backwater valve. If existing lateral already has a backwater valve, then it shall be inspected. The building plans, drainage calculations and hydrology report shall be prepared by a registered civil engineer. Any work in the public right of way requires a public works permit.

6. **Land Development Agreement.** The Owner shall submit an executed Agreement for Land Development Improvements, prepared by Engineering Division Staff, an Engineer's Estimate, signed and stamped by a registered civil engineer, and securities for construction of improvements prior to execution of the agreement.
 7. **Removal or Relocation of Public Facilities.** Removal or relocation of any public utilities or structures must be performed by the Owner or by the person or persons having ownership or control thereof.
 8. **Maintenance Agreement Required.** The Owner shall submit an Executed Agreement for Maintenance of the proposed driveway, subject to the review and approval of the Public Works Director and City Attorney.
- C. **Design Review.** The following items are subject to the review and approval of the Architectural Board of Review (ABR):
1. **Tree Protection Measures.** The landscape plan (and grading plan) shall include the following tree protection measures:
 - a. Landscaping provided under the oak tree shall be compatible with preservation of the trees as determined by the ABR. No irrigation system shall be installed under the dripline of any oak tree.

2. Consider a simplified driveway design consistent with existing driveway design and narrow driveway.

D. Public Works Requirements Prior to Building Permit Issuance. The Owner shall submit the following, or evidence of completion of the following to the Public Works Department for review and approval, prior to the issuance of a Building Permit for the project.

1. **Recordation of Parcel Map Agreements.** After City Council approval, the Owner shall provide evidence of recordation to the Public Works Department.
2. **Approved Public Improvement Plans and Concurrent Issuance of Public Works Permit.** Upon acceptance of the approved public improvement plans, a Public Works permit shall be issued concurrently with a Building permit.

E. Building Permit Plan Requirements. The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.

1. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the Historic Landmarks Commission.
2. **Trash Enclosure Provision.** A trash enclosure with adequate area for recycling containers (an area that allows for a minimum of 50 percent of the total capacity for recycling containers) shall be provided on the Real Property and screened from view from surrounding properties and the street.
3. **Conditions on Plans/Signatures.** The final Staff Hearing Officer Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Parcel Map submitted to Public Works Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

F. Construction Implementation Requirements. All of these construction requirements shall be carried out in the field for the duration of the project construction.

1. **Demolition/Construction Materials Recycling.** Recycling and/or reuse of demolition/construction materials shall be carried out to the extent feasible, and containers shall be provided on site for that purpose, in order to minimize construction-generated waste conveyed to the landfill. Indicate on the plans the location of containers for collection of demolition/construction materials.
2. **Construction-Related Truck Trips.** Construction-related truck trips shall not be scheduled during peak hours (7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m.). The purpose of this condition is to help reduce truck traffic on adjacent streets and roadways.
3. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Friday before 7:00 a.m. and after 5:00 p.m., and all day on Saturdays, Sundays and holidays observed by the City of Santa Barbara, as shown below:

New Year's Day	January 1 st *
Martin Luther King's Birthday.....	3 rd Monday in January
Presidents' Day.....	3 rd Monday in February
Memorial Day.....	Last Monday in May
Independence Day	July 4 th *
Labor Day.....	1 st Monday in September
Thanksgiving Day	4 th Thursday in November
Following Thanksgiving Day.....	Friday following Thanksgiving Day
Christmas Day	December 25 th *

*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number.

4. **Construction Parking/Storage/Staging.** Construction parking and storage shall be provided as follows:
 - a. During construction, free parking spaces for construction workers and construction shall be provided on-site or off-site in a location subject to the approval of the Public Works Director. Construction workers are

prohibited from parking within the public right-of-way, except as outlined in subparagraph b. below.

- b. Parking in the public right of way is permitted as posted by Municipal Code, as reasonably allowed for in the 2006 Greenbook (or latest reference), and with a Public Works permit in restricted parking zones. No more than three (3) individual parking permits *without extensions* may be issued for the life of the project.
 - c. Storage or staging of construction materials and equipment within the public right-of-way shall not be permitted, unless approved by the Transportation Manager.
5. **Water Sprinkling During Grading.** During site grading and transportation of fill materials, regular water sprinkling shall occur using reclaimed water whenever the Public Works Director determines that it is reasonably available. During clearing, grading, earth moving or excavation, sufficient quantities of water, through use of either water trucks or sprinkler systems, shall be applied to prevent dust from leaving the site. Each day, after construction activities cease, the entire area of disturbed soil shall be sufficiently moistened to create a crust.
- Throughout construction, water trucks or sprinkler systems shall also be used to keep all areas of vehicle movement damp enough to prevent dust raised from leaving the site. At a minimum, this will include wetting down such areas in the late morning and after work is completed for the day. Increased watering frequency will be required whenever the wind speed exceeds 15 mph.
6. **Covered Truck Loads.** Trucks transporting fill material to and from the site shall be covered from the point of origin.
 7. **Expeditious Paving.** All roadways, driveways, sidewalks, etc., shall be paved as soon as possible. Additionally, building pads shall be laid as soon as possible after grading unless seeding or soil binders are used, as directed by the Building Inspector.
 8. **Gravel Pads.** Gravel pads shall be installed at all access points to the project site to prevent tracking of mud on to public roads.
 9. **Street Sweeping.** The property frontage and adjacent property frontages, and parking and staging areas at the construction site shall be swept daily to decrease sediment transport to the public storm drain system and dust.
 10. **Construction Best Management Practices (BMPs).** Construction activities shall address water quality through the use of BMPs, as approved by the Building and Safety Division.
 11. **Construction Contact Sign.** Immediately after Building permit issuance, signage shall be posted at the points of entry to the site that list the contractor(s) name, contractor(s) telephone number, work hours, site rules, and construction-

related conditions, to assist Building Inspectors and Police Officers in the enforcement of the conditions of approval.

12. **Construction Equipment Maintenance.** All construction equipment, including trucks, shall be professionally maintained and fitted with standard manufacturers' muffler and silencing devices.
13. **Graffiti Abatement Required.** Owner and Contractor shall be responsible for removal of all graffiti as quickly as possible. Graffiti not removed in a timely manner may be removed by the City, at the Owner's expense, as provided in SBMC Chapter 9.66.
14. **Tree Protection.** Notes on the grading plan that specify the following:
 - a. During construction, fencing or protective barriers shall be placed around three feet outside of the dripline of the oak tree located within 25 feet of development.
 - b. No storage of heavy equipment or materials, or parking shall take place within five (50 feet of the dripline of the oak tree.
15. **Unanticipated Archaeological Resources Contractor Notification.** Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and an archaeologist from the most current City Qualified Archaeologists List shall be retained by the applicant. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City

Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

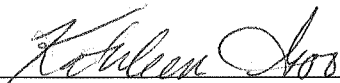

G. **Prior to Certificate of Occupancy.** Prior to issuance of the Certificate of Occupancy, the Owner of the Real Property shall complete the following:

1. **Repair Damaged Public Improvements.** Repair any damaged public improvements caused by construction (curbs, gutters, sidewalks, etc.) subject to the review and approval of the Public Works Department. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.
2. **Complete Public Improvements.** Public improvements, as shown in the improvement/building plans, including utility undergrounding and installation of street trees.
3. **New Construction Photographs.** Photographs of the new construction, taken from the same locations as those taken of the story poles prior to project approval, shall be taken, attached to 8 ½ x 11" board and submitted to the Planning Division.

H. **Litigation Indemnification Agreement.** In the event the Staff Hearing Officer approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the City and the City's Agents shall bear their own attorney fees, expenses and costs of that independent defense.

I hereby certify that this Resolution correctly reflects the action taken by the City of Santa Barbara Staff Hearing Officer at its meeting of the above date.

Kathleen Goo, Staff Hearing Officer Secretary

Date

PLEASE BE ADVISED:

1. This action of the Staff Hearing Officer can be appealed to the Planning Commission or the City Council within ten (10) days after the date the action was taken by the Staff Hearing Officer.
2. If you have any existing zoning violations on the property, other than those included in the conditions above, they must be corrected within thirty (30) days of this action.
3. Subsequent to the outcome of any appeal action your next administrative step should be to apply for Architectural Board of Review (ABR) approval and then a building permit.
4. **PLEASE NOTE: A copy of this resolution shall be reproduced on the first sheet of the drawings submitted with the application for a building permit.** The location, size and design of the construction proposed in the application for the building permit shall not deviate from the location, size and design of construction approved in this modification.
5. **NOTICE OF TENTATIVE SUBDIVISION MAP TIME LIMITS:**
The Staff Hearing Officer's action approving the Tentative Map shall expire two (2) years from the date of approval. The subdivider may request an extension of this time period in accordance with Santa Barbara Municipal Code §27.07.110 or the provisions of the California Subdivision Map Act.
