The proposed project involves construction of 59 square foot one-story additions and a 19 square foot second story addition to the dwelling, removing an "as-built" air conditioning unit and installation of a new air conditioning unit, window and door changes, and an interior remodel to the dwelling. D. APPLICATION OF ALICIA HARRISON, AGENT FOR JL TRUST AND DUNLAP FAMILY TRUST, 3433 AND 3443 SEA LEDGE LANE, APNS: 047-082-005 AND 047-082-006, A-1/SD-3 (ONE FAMILY RESIDENCE AND COASTAL OVERLAY) ZONES, LOCAL COASTAL PLAN DESIGNATION: RESIDENTIAL – ONE UNIT PER ACRE (MST2015-00019)

The project consists of the repair of a slope failure located between the upper and lower portions of Sea Ledge Lane, which is a private road accessed off of Cliff Drive. The repairs include the installation of a retaining wall system, including micro-piles and tiebacks, that is 67 feet long with a maximum height of six feet; drainage improvements that tie into the existing drainage system; and new landscaping with temporary irrigation for erosion control and visual screening of the new retaining wall.

This work was permitted by the City through an emergency permit and construction is underway. Pursuant to SBMC §28.44.100.E(5), an application for a formal coastal development permit must be filed within 90 days of the issuance of the emergency permit. Any development constructed pursuant to an emergency permit shall be considered temporary until authorized by subsequent coastal development permit, and issuance of an emergency permit does not constitute an entitlement to said development.

The discretionary application required for this project is a Coastal Development Permit (CDP2015-00002) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44.060).

Following the adjustment, 2225 Las Tunas would be 29,761 square feet with a 19% slope and 1970 Mission Ridge would be 12,158.6 square feet with a 21% slope. A lot area modification would be required for each lot because, based on slope density requirements, the minimum required lot size in the A-1 Zone would be 65,340 square feet for 2225 Las Tunas Road and 87,120 square feet for 1970 Mission Ridge Road. The adjustment affects an interior lot line and would not change the development potential of either lot. No development is proposed as part of the project.

The discretionary applications required for this project are:

1. Lot Area Modification to adjust the boundary of 2225 Las Tunas Road which will have less than the required 65,340 square feet of lot area (SBMC §28.92.110);
2. Lot Area Modification to adjust the boundary of 1970 Mission Ridge Road which will have less than the required 87,120 square feet of lot area (SBMC §28.92.110); and
3. A Lot Line Adjustment to transfer 777 square feet from 2225 Las Tunas Road to 1970 Mission Ridge Road (SBMC 27.40).
