

City of Santa Barbara California

CITY OF SANTA BARBARA STAFF HEARING OFFICER

RESOLUTION NO. 068-16
580 RICARDO AVENUE
MODIFICATION
OCTOBER 26, 2016

**APPLICATION OF CHRIS COTRELL, ARCHITECT FOR BOB AND MAUREEN KAFKIS,
580 RICARDO AVENUE, APN 035-131-008, E-1 (ONE FAMILY RESIDENCE) ZONE,
GENERAL PLAN DESIGNATION: LOW DENSITY RESIDENTIAL (MAX. 3 DU/ACRE)
(MST2016-00164)**

Proposal for a 597 square foot second-story addition with a 75 square foot balcony to an existing 1,270 square foot, one-story, single-family residence with an attached 413 square foot two car garage. The project also includes a new pool, pool equipment and spa in the rear yard and a remodel of the existing first floor. The proposed total of 1,867 square feet of development on a 9,855 square foot lot in the Hillside Design District is 63% of the required maximum floor-to-lot area ratio (FAR).

The discretionary application required for this project is a Front Setback Modification to allow a conforming two-story addition that will change the basic exterior characteristics of the existing residence as the attached garage is nonconforming to the required 30-foot front setback (SBMC § 28.87.030, and SBMC § 28.92.110). The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Sections 15301 and 15305 (Existing Facilities and Minor Alterations in Land Use Limitations).

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application, and one person appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, October 20, 2016.
2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Staff Hearing Officer:

I. Approved the requested Front Setback Modification making the findings and determinations that the Modification is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on the lot. The second story addition is appropriate because it is modest in size and will allow for a conforming addition to the residence that will not increase the building footprint within the required setbacks and because the single family design board found the addition to be suitable for the style of the home.

II. Said approval is subject to the condition that the following language shall be added to the plans submitted for building permit:

“Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human

occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and an archaeologist from the most current City Qualified Archaeologists List shall be retained by the applicant. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment which, may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List, etc.

If a discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If a discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

This motion was passed and adopted on the 26th day of October, 2016 by the Staff Hearing Officer of the City of Santa Barbara.

I hereby certify that this Resolution correctly reflects the action taken by the City of Santa Barbara Staff Hearing Officer at its meeting of the above date.

Kathleen Goo, Staff Hearing Officer Secretary

Date

PLEASE BE ADVISED:

1. This action of the Staff Hearing Officer can be appealed to the Planning Commission or the City Council within ten (10) days after the date the action was taken by the Staff Hearing Officer.
2. If the scope of work exceeds the extent described in the Modification request or that which was represented to the Staff Hearing Officer at the public hearing, it may render the Staff Hearing Officer approval null and void.
3. If you have any existing zoning violations on the property, other than those included in the conditions above, they must be corrected within thirty (30) days of this action.
4. Subsequent to the outcome of any appeal action your next administrative step should be to apply for **Single Family Design Board (SFDB)** approval and then a building permit.

5. **PLEASE NOTE: A copy of this resolution shall be reproduced on the first sheet of the drawings submitted with the application for a building permit.** The location, size and design of the construction proposed in the application for the building permit shall not deviate from the location, size and design of construction approved in this modification.
6. **NOTICE OF APPROVAL TIME LIMITS:** The Staff Hearing Officer's action approving the Performance Standard Permit or Modifications shall expire two (2) years from the date of the approval, per SBMC §28.87.360, unless:
 - a. A building permit for the construction authorized by the approval is issued within twenty four months of the approval. (An extension may be granted by the Staff Hearing Officer if the construction authorized by the permit is being diligently pursued to completion.)
or;
 - b. The approved use has been discontinued, abandoned or unused for a period of six months following the earlier of:
 - i. an Issuance of a Certificate of Occupancy for the use, or;
 - ii. one (1) year from granting the approval.
