How Did You Hear About the Rebate? _____

The City of Santa Barbara is offering rebates for upgrades to irrigation systems and landscaping to increase water efficiency. Projects must be approved in advance. The program is not retroactive. Landscapes for new construction are not eligible. Sales receipts and/or contractor invoices are required for all rebates. Only the retail cost of material will be rebated. Performance based rebate program. Project must result in a net reduction in total landscape water consumption for the site.

How Much Is The Rebate?

The program covers a portion of the cost of approved irrigation equipment and landscape materials.

- **Irrigation Equipment:** 50% of the cost of drip irrigation parts, sprinkler system efficiency retrofits, sprinkler nozzles (delivering 1"/hour or less with proper pressure), pressure compensating heads, pressure regulators.
- **Water Wise Plants, Mulch, and Permeable landscape material:** 50% of the cost of water wise plants and mulch. Permeable landscape to include synthetic turf, gravel, cobbles up to 4", flagstone or similar with a minimum of 4" spacing. Planted areas must be covered with a 3-inch layer of mulch. Hardscapes, including decomposed granite, are not eligible.
- **Smart Irrigation Controller:** 50% of cost of a smart irrigation controller. Smart irrigation controllers must automatically adjust for changes in the weather.
- **Pool Covers:** 50% of the cost of a pool cover, maximum of \$300 per pool cover.

Any combination of items above may qualify for a maximum rebate amount of \$2,000 per account serving irrigated area and \$4,000 per site for accounts classified as commercial and multi-family, including HOAs

How Do I Participate?

- Step 1:** Make an appointment for a "Pre-Qualification Inspection" site visit with a Water Conservation Program representative. If your project qualifies, you will receive the pre-qualified list of items eligible for rebate.
- Step 2:** The purchase and installation of all equipment denoted by Water Conservation staff under the heading of "Pre-Qualified Equipment" must be installed within **120 days** of the date of the Pre-Qualification Inspection.
- Step 4:** Call for a final "Post-Installation Inspection" appointment within **120 days**. Receipts are required for all rebates. Ask your contractor for a separate invoice for materials stating: "Labor billed separately."
- Step 5:** Be ready to show your finished project and show receipts. Rebate check will be issued within 30 days of final inspection.

TERMS & CONDITIONS

1. The **Applicant** applying for the rebate(s) **must be a City of Santa Barbara water customer**.
2. **Only Pre-Qualified Equipment** as determined by a Water Conservation staff member, upon verification of anticipated water savings, shall qualify for a rebate after installed.
3. All Pre-Qualified Equipment as detailed on this application is **valid for 120 days** from the **Pre-Qualification Inspection** date.
4. The purchase and installation of all equipment denoted by Water Conservation staff under the heading of "Pre-Qualified Equipment" must be installed within 120 days of the date of the **Pre-Qualification Inspection**.
5. The reverse side of this form must be completely filled out.
6. Applicant must attach a legible copy of the valid, dated sales receipts for materials only to this application to qualify.
7. Rebates shall be on a one-time basis per address or customer.
8. A **Post-Installation Inspection** of the property to verify model, type and installation is required. Before and after photos are required.
9. Filling out this application does not guarantee funding. Funding is granted on a first come first serve basis while supplies last. Rebate amounts are subject to change without prior notice.
10. Customers are responsible for complying with all rules and regulations.

For more information call (805) 564-5460 or visit www.SantaBarbaraCA.gov/WaterWise

PRE-QUALIFICATION: You are pre-qualified for a potential rebate for City-approved irrigation equipment and planting materials as denoted by staff on the table below under heading "Pre-Qualified Equipment". Once installed, contact the Water Conservation Office at (805) 564-5460 for a post-inspection within 120 days of the "pre-qualification inspection" date for a post-installation inspection.

Your **Pre-Qualification Inspection Date** is: _____

PRE-QUALIFIED EQUIPMENT <i>(Official Use Only – Initial Inspection)</i>		INSTALLED EQUIPMENT <i>(Official Use Only)</i>
Smart Irrigation Controller(s)		Smart Irrigation Controller(s)
<input type="checkbox"/>		<input type="checkbox"/>
Pressure Regulator/Pressure compensating sprinkler bodies		Pressure Regulator Equipment
Pressure Regulation	<input type="checkbox"/>	<input type="checkbox"/>
Rain Sensors		Rain Sensors
<input type="checkbox"/>		<input type="checkbox"/>
Water Wise Plants / Permeable Surface *Only for replacing lawn or high water using plants		Water Wise Plants/Permeable Surface
<input type="checkbox"/>		<input type="checkbox"/>
Mulch * 3" deep		Mulch
<input type="checkbox"/>		<input type="checkbox"/>
Sprinklers *Only for replacing existing 2" or inefficient, old pop-up heads		Sprinklers
4" or 6" Pop-Ups with Check Valves	<input type="checkbox"/>	<input type="checkbox"/>
