

# CABRILLO BOULEVARD BRIDGE REPLACEMENT

## **Cabrillo Boulevard Bridge Replacement**

Project Update: August 2015

Stage 2 is progressing nicely with the placement of metal sheet piles to enable a work area, removal of the mountain side of the old bridge, and the ongoing installation of new bridge supports.

### **Upcoming Work:**

In August, crews will continue excavation, installation of bridge piles, and construction of creek bank transition walls. During El Desfile Historico (Fiesta Historical Parade) on August 7th, crews will not work and sidewalks will remain open for parade viewing.

Large equipment will be visible on site with concrete deliveries periodically throughout the month. During the week of August 10th, work will occur at the corner of State Street and Cabrillo Boulevard that will necessitate the closure of the sidewalk along east State Street near the construction site. Pedestrians will be able to use the west side of State Street and follow signs to businesses on lower State Street.

On the beach side of the project, crews will work on the supports for the temporary pedestrian bridge. There will be construction closures in this area, but beach multipurpose paths will remain open.

### **Closures:**

Throughout Stage 2, the mountain side of Cabrillo Boulevard will remain closed near the bridge. One lane in each direction remains open on Cabrillo Boulevard during daytime construction for vehicular use. Helena Avenue is closed to vehicles at Cabrillo Boulevard, but access will remain for pedestrians, bikes, and segways.

To accommodate the work area, the left turn lane from westbound Cabrillo Boulevard to Stearns Wharf is closed. Motorists can enter Stearns Wharf from State Street and eastbound Cabrillo Boulevard. Detour signs are in place to highlight access around the closures.

**Fall 2014 - 2016:**

The Cabrillo Boulevard Bridge Replacement Project includes a new bridge, enhanced Mission Creek banks, and improved pedestrian areas. Cabrillo Boulevard, surrounding businesses, parks, Stearns Wharf, and the Arts and Crafts Show will remain open throughout construction.

For more information, please visit [www.SantaBarbaraCA.gov/CabrilloBridge](http://www.SantaBarbaraCA.gov/CabrilloBridge) or call [805-897-2637](tel:805-897-2637). If you have questions or would like to add/remove someone to these project updates, please respond to this email.

**Other Projects:**

Caltrans continues work on the Castillo Street Pavers Project to improve the condition of the pavement under US Highway 101. One lane will remain open in each direction on Castillo Street. The Hwy 101 southbound on and off ramps at Castillo Street will be closed at separate periods with area signs denoting closures. On and off-ramp detours for the project will be signed on Montecito and Haley Streets and coordinated with Cabrillo Boulevard Bridge alternative routes. For more information on this project, please call Caltrans District 5 at [805-568-0858](tel:805-568-0858) or visit: <http://www.dot.ca.gov/dist05/paffairs/release.htm>.
