

Volunteer Planting at Stevens Park

...Come learn about native plants and the importance of healthy creeks while working to beautify your local park.

Meet at Stevens Park
258 Canon Dr.
Santa Barbara, CA 93105

Saturday,
March 19th!
9:00AM - 1:00PM
(or anytime in-between)

Bathrooms and parking available. Tools and training will be provided on site. Snacks will be provided. Please consider hats & sunscreen!

Volunteers will be removing non-natives and planting native species to help restore the riparian zone of San Roque Creek.

Please bring water bottle

To RSVP for the event or for more information contact: Shannon.Mueller@ccc.ca.gov

The Mission of the Watershed Stewards Project (WSP) is to conserve, restore, and enhance anadromous watersheds for future generations by linking education with high-quality scientific practices. A program of the California Conservation Corps, the Watershed Stewards Program (WSP) is one of the most productive programs for future employment in natural resources. WSP is administered by California Volunteers and sponsored by the Corporation for National Community Service.
