<b>Status: Pending</b>				
<b>401 &amp; 409 E HALEY STREET</b>	<b>031-212-018</b>	<b>MST2016-00508</b>	<b>1,403</b>	MEA
<p>Proposal for a new mixed-use development using the Average Unit Density Incentive Program (AUD), in the C-M, Commercial zone. The project will include a voluntary lot merger of Assessor parcels 031-212-017 and 031-212-018 which will result in one parcel of 22,500 square feet. All existing residential and commercial structures totaling 5,828 square feet will be demolished. The proposal will include construction of a three-story, mixed-use building with 29 residential units totaling 22,497 square feet and three commercial spaces totaling 3,306 square feet. A ground level parking garage will provide 58 parking spaces. Roof decks are also proposed. The residential unit mix will include six studios, nine, 1-bedroom units and 14, 2-bedroom units, with an average unit size of 775 square feet. The proposed density on this parcel will be 56 dwelling units per acre on a parcel with a General Plan Land Use Designation of Commercial, Industrial, Priority Housing, 37-63 dwelling units per acre. No grading is proposed. This project requires Planning Commission comments.</p>

Proposal to remodel an existing 5,461 square foot one-story industrial building to change to commercial retail use. The project would demolish 2,499 net square feet of floor area along the front of the building to provide space for the required additional parking for anticipated commercial uses, resulting in 2,962 net square feet of floor area to remain. The project includes enlarging the existing eight space parking lot to 13 spaces, new landscaping, a new trash enclosure, a new relocated driveway and curb cut, and infilling the old curb cut and sidewalk. This project will result in a Growth Management Program credit of 2,499 square feet of non-residential floor area. Staff Hearing Officer review of a Coastal Development Permit is requested.

Project site contains twin Queen Anne Free Classic style homes constructed in 1905 that are eligible to be designated as Structures of Merit. Proposal for a new mixed-use apartment/commercial structure using the Average Unit-Size Density Incentive Program. The project will comprise a voluntary lot merger of eight parcels (APNs 029-162-006, 029-162-007, 029-162-008,-029-162-009, 029-162-010, 029-162-012, 029-162-020, 029-162-021). Proposal includes demolishing all existing improvements, except the twin Queen Anne Free Classic style homes, which will be relocated to the Garden Street frontage to provide better context for the early 19th century buildings, and constructing a new four-story apartment/commercial building. The unit mix will be 24 one-bedroom apartments, 22 two-bedroom apartments, and 6 three-bedroom apartments, for a total of 52 residential units, and an average unit size of 809 square feet per unit. Also proposed are 87 parking spaces provided in a new 34,079 square foot, two-level basement parking garage, and 52 bike parking spaces. Project is within the Priority Housing Overlay (37-63 du/ac). A Historic Structures/Sites Report will be required to evaluate all structures on the site and to evaluate the impacts of the proposed project on the potential historic resources. Project also requires review by Planning Commission.

PRT Application: Existing development on site consists of two single-story detached residential units, one 8-unit apartment building, and 20 uncovered parking spaces. The proposal would demolish the two detached residential units and the parking lot, maintain the 4,574 square foot 8-unit apartment building, and construct a new 27,167 square foot four-story building. This building would consist of 28 studio apartments, 10 single occupancy studio apartments with communal living/kitchen/dining areas, a tenant communal space, laundry, offices for staff and small medical/dental clinic. One accessible on-site parking space, and 12 off-site parking spaces are proposed. The project requests a Parking Modification, a Lot Area Modification, Community Benefit findings for 47 foot building height, as well as City vacation of a public alley. A parking demand study was submitted with the application.

<b>21 W ARRELLAGA ST</b>	<b>027-231-021</b>	<b>MST2015-00088</b>	<b>1,495</b>	<b>HLC</b>
--------------------------	--------------------	----------------------	--------------	------------

Proposal to permit the "as-built" change of use for the existing 1,495 square foot building at 21 W Arrellaga Street from residential to nonresidential. The project includes the following associated site work to be conducted over two existing parcels at 21 W Arrellaga Street (APN: 027-231-003) and 1530 Chapala Street (APN: 027-231-021). Proposed project creates a total of six uncovered parking spaces to serve 21 W. Arrellaga. The existing legal non-conforming, one-car garage serving 1530 Chapala will remain unaltered. This project will address violations in enforcement cases (ENF2014-01017 and ENF2012-00036). The building at 21 W Arrellaga is on the City's Potential Historic Resources List and the State Historic Resources Inventory: Philip Raffour Residence; Craig Residence; c. 1890. The building at 1530 Chapala is a designated Structure of Merit: Hiscock Residence.

Owner HUTTON FOUNDATION, 26 W ANAPAMU ST # 4, , SANTA BARBARA, CA 93101  
 Applicant LAUREN DEASON, 535 SANTA BARBARA, , SANTA BARBARA, CA 93101

---------------------	--------------------	----------------------	--------------	------------

Proposal for the conversion of a single family residence into a short-term vacation rental. Project is comprised of the conversion of a 1,260 square foot one-story, three-bedroom single family residence into commercial hotel floor space. Exterior changes include the replacement of a 951 square foot gravel driveway with permeable pavers, and the removal of a driveway gate at the northeast property line. No changes are proposed for the existing structures. Project requires Development Plan Approval findings.

---------------------------------	--------------------	----------------------	---------------	-----

Proposal for a revised parking lot and a new three-story, approximately 11,000 square foot administrative support building for back-of-house activities for a proposed hotel located at 433 E. Cabrillo Boulevard. The hotel is being reviewed under separate development application MST2004-00791 and the hotel design will be reviewed by the Historic Landmarks Commission. Currently permitted on this 2.42 acre parcel is a parking lot serving the approved Waterfront Hotel at 433 E. Cabrillo Boulevard; this project would replace the parking lot approved under that application. The amount of grading is unknown at this time.

-------------------------	--------------------	----------------------	---------------	-----

Proposal for a new residential project using the Average Unit-Size Density Incentive Program. The project will comprise the demolition of an existing 3,690 square foot daycare building and construction of a 7,170 square foot, three-story building containing 11 residential units. The unit mix will be four, one-bedroom units and seven, two-bedroom units ranging in size from 644 to 1,008 square feet with an average unit size of 835 square feet. The proposed density on this 10,558 square foot parcel will be 45 units per acre on a parcel within the Priority Housing Overlay, 37-63 dwelling units per acre. Also proposed is a 5,359 square foot ground-floor garage containing 11 spaces, covered bicycle parking, a trash enclosure, and 372 square feet of private outdoor living space.

Proposal for a new 30,316 square foot, 3-story mixed use development on a 25,215 square foot lot in the non-appealable jurisdiction of the Coastal Zone. The parcel is currently developed with a 10,872 square foot apartment building and carport, and the proposal involves the demolition of all buildings and paving, and the removal of all site trees. The project comprises nine condominium units totaling 20,192 square feet, and a 5,913 private residential garage area providing 18 spaces. The project also includes 966 square feet of commercial space, and 8,724 square feet of commercial and common garage areas providing six parking spaces and one commercial bicycle space. There will be 8,500 cubic yards of grading excavation. This project requires Planning Commission review for a Tentative Subdivision Map.

Owner DAVID BACK REVOCABLE TRUST, 302 E HALEY ST # B, , SANTA BARBARA, CA 93101

----------------------	--------------------	----------------------	---------------	-----

Proposal for a mixed-use development using the Average Unit-Sized Density Incentive Program (AUD). Project is comprised of the renovation of an existing 8,794 square foot mixed-use building containing two residential units and four commercial spaces to include nine residential units and one commercial space. Unit mix will include 3 two-bedroom units, 5 two-bedroom units, and 1 studio unit ranging from 400 to 1286 square feet. The proposed density on this 15,105 square foot lot will be 26 dwelling units per acre on a parcel within the Priority Housing Overlay, which allows for 37-63 dwelling units per acre. Also proposed are 13 new uncovered parking spaces, 2,253 square feet of private outdoor living space, and nine covered bike parking spaces. Project requires Planning Commission review and Development Plan Approval findings.

**214 E DE LA GUERRA ST** **031-082-002** **MST2016-00447** **4,843** JWG

The project contains the Louise Ygnacio Residence, an Italianate house constructed in 1875, and scheduled to become a designated City Landmark in the spring of 2017. The proposal consists of a 26-unit mixed-use development to be developed on three parcels under the Average Unit-Size Density (AUD) Program. The project proposes to demolish an existing two-story, 2,464 square foot four unit apartment complex (226 E. De La Guerra St.), three sheds, and a surface parking lot. The project proposes to construct a four-story (subterranean parking plus three stories fully above grade), 30,835 square foot mixed-use building that includes 14,004 square feet of residential area and 4,749 square feet of commercial floor area. 44 parking spaces will be provided by a partially subterranean parking garage. The residential component comprises 26 AUD rental apartments with an average unit size of 539 square feet. The three parcels have a General Plan Land Use designation of Commercial/High Residential (28-36 dwelling units per acre). The proposed density on the total of .44 acres will be 60 units per acre, as allowed by the AUD Priority Housing Overlay. The project includes Planning Commission review for a proposal under the AUD Priority Housing Overlay with a combined net lot area of more than 15,000 square feet, and a Development Plan. The Louisa Ygnacio Residence and duplex at 214 E. De La Guerra, will be preserved and renovated. The existing residences are part of the 26 unit count.

Owner LAURITSON, BETTY JO TRUST 4/22/03, 1725 OCEAN OAKS RD, , CARPINTERIA, CA 93013

Applicant THE CEARNAL COLLECTIVE, LLP, 521-1/2 STATE ST, , SANTA BARBARA, CA 93101

**113 W DE LA GUERRA ST** **037-082-027** **MST2015-00626** **-4,545** IVU

The building at 113 W. De La Guerra Street is on the City's Potential Historic Resources List, eligible as a Structure of Merit: W.D. Smith Building, constructed in 1928. Pre-Application Consultation Review of a proposal for a 23-unit mixed-mixed use project to be developed on two parcels under the Average Unit-Size Density (AUD) program. The project proposes the demolition of two existing 1,113 and 923 square foot commercial buildings, two outdoor patios, 15 surface parking spaces, and the near complete demolition of a 4,455 square foot commercial building, of which the historic façade and tile roof will be preserved. The project proposes to construct an 18,298 square foot, two- and three-story mixed-use building that includes 16,669 square feet of residential area and 1,629 square feet of commercial area. Twenty-seven parking spaces will be provided by an at-grade parking garage. The residential component comprises 23 residential units with an average unit size of 724 square feet. The two parcels have a General Plan Land Use designation of Commercial/High Residential (28-36 du/ac). The proposed density on the lots totaling 16,325 square feet will be 61 units per acre, as allowed by the AUD Priority Housing Overlay. The project requires Planning Commission review for a proposal under the AUD Priority Housing Overlay with a combined net lot area of more than 15,000 square feet, and will require a voluntary lot merger.

Owner DEWILDE, JOHN R, 115 W DE LA GUERRA, , SANTA BARBARA, CA 93101

Architect DMHA, 1 N CALLE CESAR CHAVEZ, ATTN: SHAUN LYNCH, SANTA BARBARA, CA 93101

**825 DE LA VINA ST** **037-041-024** **MST2015-00213** **1,000** TB

The project is for a mixed-use development on a 14,750 square-foot vacant lot. The proposal includes 21 apartment units and 1,000 square feet of commercial square footage, with 27 parking spaces in a 17,835 square-foot, four-story building. The project is being proposed under the AUD Incentive Program - Priority Housing Overlay at 63 du/acre.

This is a one-time pre-application consultation. Proposal for a new mixed-use development using the Average Unit Density Incentive Program. The proposal includes the demolition of seven existing structures housing eight residential units totaling 3,416 square feet and the construction of a four-story (previously three-story) mixed-use development. The new residential unit mix will include 13, 2-bedroom, units and 19, 1-bedroom units and four studios, totaling 26,095 square feet, with an average unit size of 737 square feet. Also proposed are two commercial spaces totaling 2,077 square feet. Total development on site will be 31,151 square feet. The proposed density on this 25,113 square foot parcel will be 63 dwelling units per acre on a parcel with a General Plan Land Use designation of Commercial Industrial/Medium High Residential, 37-63 dwelling units per acre in the Priority Housing Overlay. There will be 36 covered parking spaces for the residential units and eight covered parking spaces for the commercial area, with 44 spaces required. Grading is yet to be determined. Planning Commission review is required.

This project involves two adjacent parcels. On the first parcel at 304 and 306 E. Haley Street (APN 031-281-002) the work comprises a new building and additions and alterations to an existing 5,060 square foot mixed-use project at the rear of the parcel. The work will include the construction of a new 717 square foot two-story industrial building with a 738 square foot garage below to provide three new covered parking spaces. At existing Building A, 12 square feet will be demolished from the first floor of dwelling Unit C. At existing Building B, a 12 square foot addition to an existing warehouse is proposed, as well as a 47 square foot second-story addition. On the second parcel at 310 E. Haley Street (APN 031-281-003), minor alterations are proposed to the parking lot. Also proposed on both parcels are door and window changes and new features including steel awnings, decks, patio, trash enclosure, and an ADA accessible parking space. A total of 18 parking spaces will be provided over both parcels, with 17 currently existing. A Covenant of Easement for Access and off-Site Parking Agreement exists between the two parcels. Staff Hearing Officer review is requested for a zoning modification of the Open Yard requirements.

Proposal for the conversion of a single family home to a short-term vacation rental. Project consists of the conversion of an approx. 940 square foot, one-story, three-bedroom single family residence to commercial short-term rental floor space. Exterior changes include the demolition of an existing one-car garage, a 96 square foot as-built shed and the construction of two uncovered parking spaces on new permeable pavers. Also proposed are new railings on the existing stairs and permitting as-built laundry hookups. The hedges and fence along the driveway will be reduced to 42" maximum. A 30 inch palm is also proposed to be removed. Project addresses violations identified in Zoning Information Report ZIR2016-00516.

Applicant    DWIGHT GREGORY, 2800 EXETER PLACE, , SANTA BARBARA, CA 93105

<p>Proposal for a tenant improvement and facade remodel to an existing auto dealership building for Tesla Motors dealership and vehicle service to be completed in two phases. Phase I consists of tenant improvements including facade remodel of the existing 7,435 square foot showroom and related site improvements including parking lot restriping and additional landscaping. Phase II includes enclosing two of three existing service bays to house the electric vehicle department, which will result in a commercial addition of 9,700 square feet on this 130,680 square foot parcel. There will be no change in the number of parking spaces with 70 spaces provided. Phase I requires 36 parking spaces and Phase II will require additional required parking. The applicant is requesting City Council approval to allocate the 9,700 square feet as a Community Benefit Project under the Economic Development category for Planned Development, and Planning Commission review of the Development Plan.</p>

This is a revised project description: Proposal for demolition of an existing 872 square foot office/restroom building at a City tennis facility and construction of a 1,927 square foot tennis recreation building with restrooms, court director office, pro shop, and multipurpose room. The proposal also includes replacement of the existing stadium court seating with stepped planting areas and new stairs down to the courts. New hardscape will provide ADA access and the existing parking lot will be repaired and restriped. The existing concrete practice facility and backboard will be retained, with the addition of a new roof and solar panels. Grading includes 220 cubic yards of cut and 22 cubic yards of fill. The Parks and Recreation Commission made project findings on May 25, 2016.

Proposal for a four-story, mixed-use development with a tentative subdivision map for apartments and commercial condominiums. The residential portion of the project consists of 125 apartments with an average unit size of 577 square feet, including 14 units affordable to low income households. The proposed density is 166% greater than the base density of 47 studios provided by the Variable Density Program. The 21,319 square foot non-residential portion of the project includes 3,492 square feet of restaurant use, 5,384 square feet of retail and 12,443 square feet of light industrial/manufacturing arts-related uses. The project would provide 75 residential parking spaces and 76 commercial parking spaces on site, for a total of 153 parking spaces, of which 138 would be provided as stacked parking. The project includes requests for two concessions/incentives per State Density Bonus Law: (1) to provide 61 additional apartments beyond the 17 required under State Density Bonus Law, and (2) to allow for additional bedrooms. The project also requests the following development standard reductions per State Density Bonus Law: (1) to allow a four story development; (2) to increase the maximum height limit from 45 feet to 56 feet; (3) to allow the required common outdoor living space to be located above grade; and (4) to waive the 70% limitation on residential uses in the OC Zone.

Proposal for a three-story mixed-use development consisting of a boutique hotel, commercial space, and public art gallery. The project will comprise a voluntary lot merger of two lots at 302 & 308 W. Montecito Street (APNs 037-232-011 & 037-232-002). All existing development on the two lots, consisting of four residential apartments totaling 2,540 square feet and 517 square feet of office space, will be demolished. New development on this merged 18,927 square foot parcel will be a 56,302 square foot, three-story building containing a 16,447 square foot, 32-room hotel; 1,869 square foot commercial component; an 847 square foot public art and a 24,266 square foot subterranean parking garage with 52 parking spaces (42 spaces for on-site use and 10 spaces for a new development project to be constructed at 311 W. Montecito Street). 18 covered bicycle parking spaces will also be provided. There will be approximately 7,900 cubic yards of grading excavation. Planning Commission approval is required, as this project involves a Transfer of Existing Development Rights from the Sandman Hotel located at 3714-3744 State Street for 29 hotel rooms, and a Development Plan for commercial square footage allotments from the Minor and Small Additions categories on both parcels.

ARB

Proposal to demolish and reconstruct a portion of the existing Pump Station No. 2 structure and expand an existing equipment garage currently located on the Goleta West Sanitary District Headquarters on property leased from the Santa Barbara Airport. The existing Pump Station is 4,297 square feet and includes a platform level of 1,102 square feet, two below platform levels of 2,784 square feet and a 411 square foot emergency generator room. The 1,102 square feet above platform level will be demolished and reconstructed with a small addition of 396 square feet to provide 1,498 square feet of work areas, break room, and shower/locker facilities for operations staff. The two below platform levels will be permanently sealed off, and the generator room is to remain. Including the generator room, the total square footage for the new Operations Building is 1,909. An existing 188 square foot locker room area in the existing Administration Building will be reconfigured to house the pump station switch gear. To improve circulation on the site and better accommodate larger District vehicles including the Vector Truck, the project also includes expansion of an existing 2,400 square foot equipment garage by 900 square feet. The total project results in a net decrease of 1,488 square feet of non-residential floor area and requires Planning Commission Review for a Coastal Development Permit.

Proposal to construct a new facility for Direct Relief, a nonprofit organization, including a new 127,706 square foot warehouse with an attached two-story 27,294 square foot administrative office building, a secure truck yard loading area, and 162 parking spaces on a 7.99 acre parcel to be purchased from the City of Santa Barbara Airport. The existing eight buildings totaling 12,937 square feet would be demolished. A new public road is proposed to be constructed immediately south of the project site, which is located in Sub-area 3 of the Airport Specific Plan (SP-6). The project received a designation as a Community Benefit project and an allocation of 80,000 square feet (and reservation of 30,000 square feet) of non-residential floor area from the Community Benefit category by the City Council. Development Plan approval by the Planning Commission is required.

The project has been revised in response to concerns expressed by the City Council at the December 8, 2009 appeal hearing. The project consists of the demolition of an existing 392 square foot single-family residence, and the construction of a sustainable, 4,320 square foot, three-story, mixed-use building. The proposal will result in two residential condominiums and two commercial condominiums, with an on-grade parking structure, including 6 parking spaces. Bicycle parking and a changing room are provided within the garage structure. The residential units are 1,257 square foot, two-bedroom, and three-story units at the rear of the lot. The commercial units total 958 square feet and are located on the first and second floor adjacent to the street. The proposal includes 2,015 square feet of green roof and upper level landscape plantings.

<p>The proposed project involves interior and exterior alterations to convert an existing commercial complex to a mixed-use project. The proposal includes an interior remodel and alterations to the rear portion of the building including converting 1,240 square feet commercial space on the second-floor to two residential units; a one bedroom and a studio unit, and exterior alterations including window and door changes and new Juliet balconies. The proposal also includes an interior remodel and alterations to the one-story portion of building at the front of the property, including the removal of two existing trellises, exterior alterations including window and door changes and new private patios over the existing rooftop of the breezeway for the residential units. Site alterations proposed include a new trash enclosure, new covered bicycle storage, a revised parking layout, landscape changes, removal of two trees and removal of an existing driveway gate. No new square footage is proposed. Staff Hearing Officer review is requested for zoning modifications to allow the alterations in two required interior setbacks.</p>

This is a revised project description. Project has been revised as follows: Proposed height of project has increased from 35'-6" to 36'-7", units have been reconfigured and reduced in number from six to five, outdoor space has been reconfigured, and the exterior façade has been altered. The entire proposal consists of the demolition of the existing gas station and service bays and the construction of a new three-story, mixed-use building on an 18,196 square foot lot. The 18,595 square foot building would include 4,800 square feet of commercial space on the ground floor and 13,795 square feet of residential space on the second and third floors. The residential component includes two, three-bedroom units, and three, two-bedroom units. A total of 36 parking spaces are proposed. A total of 11,000 cubic yards of cut and fill is proposed. The project requires compliance with City Council Resolution No. 08-084. Project requires Planning Commission review for a Substantial Conformance Determination.

------------------------------	--------------------	----------------------	---------------	------------

Proposal for a multifamily residential project using the Average Unit Density Incentive Program (AUD). The proposal includes a legal change of use and the conversion of 1,249 square feet of second floor garage office space (addressed at 232 Cottage Grove Avenue) to a new residential unit. An existing half bathroom in the garage for 232 Cottage Grove Avenue will be converted to a 25 square foot laundry room. A new uncovered outdoor living space on the second floor will connect the front existing structure with newly-converted rear structure. Units A and B at 228 Cottage Grove Avenue will remain unchanged at 579 square feet and 375 square feet, respectively. Five legal, covered detached parking spaces will remain. The proposed density on this 6,241 square foot parcel will be three dwelling units per acre on a parcel with a General Plan Land Use designation of Medium-High Density 15-27 Dwelling Units per acre. The average unit size will be 734 square feet. No grading or new square footage is proposed. This project requires a Waiver to not screen the private outdoor living space within the remaining front yard.

The proposed project consists of the demolition of the existing buildings onsite (except for the front façade of 115 W. De la Guerra Street) and the construction of a mixed-use building, composed of a 2,027 square foot (net) commercial condominium unit and nine residential condominium units. The proposed mix of units consists of six (6) two-bedroom market rate units, one (1) three-bedroom market rate unit, one (1) two-bedroom moderate income affordable unit and one (1) three-bedroom moderate income affordable unit. Six of the nine residential units would have 120 square feet of attached commercial space. The project includes a request for two additional residential units pursuant to State Density Bonus law. A parking garage with twenty parking spaces is proposed on the first floor.

This is a revised project description. This project involves two adjacent parcels: 037-202-005 at 223 Cottage Grove Avenue, and 037-202-006 at 220 W. Gutierrez Street. The proposed work on the first parcel includes the demolition of 968 square feet of open storage area, restriping the parking lot, and adding new parking lot perimeter landscape planters. The proposed work on the second parcel includes the partial demolition of 1,078 square feet (under building permit application BLD2014-02591) and the construction of 1,687 square feet of floor area, resulting in a net increase of 609 square feet of new non-residential square footage. This project will result in a total development of 4,797 square feet over two parcels totaling 9,450 square feet in size.

This is a revised project description. Proposal for a new mixed-use building using the Average Unit Density Incentive Program (AUD). The project includes the demolition of an existing 8,368 square foot non-residential building and construction of 41,187 square feet of development, including a 45-foot tall four-story mixed-use building with an underground parking garage and one detached two-story residential unit, all on a 33,910 square foot lot. The project consists of 631 net square feet of commercial floor area and 46 residential units (comprising 13 studio units, 30 one-bedroom units, and 3 two-bedroom units) totaling 36,502 square feet plus ancillary space (lobby, office, storage, community room). Parking would consist of 11 spaces at-grade and 40 spaces underground for a total of 51 parking spaces; 48 bicycle parking spaces are also proposed. Vehicular access would be provided from Hope Avenue, and a four-foot sidewalk dedication would be granted. Approximately 6,900 cubic yards of grading excavation is anticipated for the underground garage. The project proposes a 45-foot setback from the top-of-bank of Arroyo Burro Creek to the first floor of the development, with the second, third and fourth floors cantilevering out up to 13 feet beyond that (closer to the creek). The project also includes creek restoration and more than 13,000 square feet of open space. The proposed density will be 60 du/ac with an average unit size of 794 square feet.

Proposal for a new four-story, 57,721 square foot mixed-use developed to be reviewed under the Average Unit Density Incentive Program (AUD). Two existing residential units and commercial buildings totaling 33,000 square feet will be demolished. A total of 6,656 square feet of non-residential use is proposed as well as 51,065 square feet of residential use in 73 units. The unit mix will consist of 31 2-bedroom, 2-bath units, 31 1-bedroom, 1-bath units, and nine 2-bedroom, 1-bath units. A total of 100 parking spaces are required, with 94 proposed. There would be 77 bicycle parking spaces. The average unit size will be 700 square feet, of which the maximum allowed is 970 square feet. This 69,610 square foot site encompasses eight parcels which will be merged, with a General Plan Land Use designation of Commercial/High Residential of 28-36 dwelling units per acre in the Priority Housing Overlay District. Planning Commission review is requested for a zoning modification to provide less than the required parking as well as concept review under AUD.

Proposal to construct a mixed-use condominium development in three three-story buildings on a 21,756 square foot lot in the C-2 Zone. The proposal includes a 1,138 square foot commercial condominium unit, five live-work units with commercial square footage, and three residential-only units, for a total of 8 residential units. The five live-work units include a range of 328 to 349 square feet of commercial area per unit. Square footages for the project include 3,195 square feet of commercial space, 13,745 square feet of residential space, 3,599 square feet of garage space, and 2,566 square feet of deck area. Total building footprint area is 9,545 square feet. 26 parking spaces are proposed, with 16 residential and 10 commercial spaces. Project requires Planning Commission Approval for a Tentative Subdivision Map and a parking modification to provide 10 commercial parking spaces rather than the 11 required commercial spaces and for the two required residential guest parking spaces to be shared with the 10 commercial spaces.

01/27/10 - Applicant requested a substantial conformity determination to remove the curb extension @ the corner of Milpas and De la Guerra Streets. This is a Level III SCD.

------------------------------	--------------------	----------------------	-----------	------------

The proposed project involves the construction of a new two-, three- and four-story mixed-use development consisting of 15 residential condominium units (three one-bedroom, eight two-bedroom and four three-bedroom units) and two commercial condominium units (one 9,821 square foot unit and one 3,136 square foot unit). Two of the residential units would be subject to the Inclusionary Housing Ordinance (restricted for owner-occupied middle-income or upper-middle income households) and two of the residential units would be live/work units. Parking would be located within an underground parking structure with 54 parking spaces. The four existing parcels totaling 31,310 square feet would be merged and the existing 14,602 square feet (net) of existing commercial space and 45 existing parking spaces would be demolished.

<b>1032 SANTA BARBARA ST</b>	<b>029-212-024</b>	<b>MST2016-00071</b>	<b>-131</b>	DCE
<p>The proposal is a mixed-use project using the Average Unit Density (AUD) Program (Priority Housing Overlay) on two lots totaling 7,497 square feet with a density of 48 dwelling units per acre (du/ac). The project is proposed as a three-story building, with eight units and 1,369 square feet of nonresidential development, with 11 covered parking spaces. The units will include 7 two-bedroom units and one studio unit, with an average unit size of 970 square feet. Existing on the site are a one-story office building and a one-story single-family residence that will be demolished. The project includes Staff Hearing Officer review for a zoning modification to allow development of one dwelling unit without providing the required private outdoor living space. A Voluntary Lot Merger to merge parcels APN 029-212-002 and APN 029-212-024 to create a single lot will be required.</p>

Proposed addition and alterations to the Santa Barbara Museum of Art consisting of a 7,944 net new square foot one- and two-story addition (primarily within the existing building volume) and the renovation of an existing four-story 64,511 net square foot building. Also proposed is a new approximately 1,420 unenclosed square feet public rooftop pavilion, garden and terrace area with associated access elevator and stairway, new rooftop mechanical equipment and skylights. A new art receiving facility will add 402 square feet to the building footprint and a 5-foot long low curb wall at the northerly corner of the building will encroach onto City Central Library grounds. Miscellaneous site structure demolition will occur to support implementation of the proposed design. Two oak trees are proposed for removal with replacement of one oak tree on site and two others off site. A new electrical power transformer would be located on City property at Public Parking Lot No. 7. The net new square feet of new floor area will result in 72,455 net square feet of development. Construction staging would occur on the adjacent City library property. This building is on the City's List of Potential Historic Resources: "Santa Barbara Museum of Art."

This is a revised project. The El Prado Inn main building, constructed in 1959, is a designated Structure of Merit as a Mid-Century Modern Motor Inn. The proposal consists of additions and alterations at the site of the existing "El Prado" La Quinta Inn and Suites, including demolition of the existing 6,399 square foot annex (14 rooms), and the construction of a 38,052 square foot addition to the existing hotel consisting of a new 3-story hotel addition, with 66 new hotel rooms. The ground level will have at-grade garage parking, the second level will have garage parking and 6 hotel rooms, and the second and third floors will house 60 hotel rooms that average 375 square feet. Along with the hotel rooms, the building will include 4,985 square feet of support space for hotel functions. Uncovered parking spaces are to be demolished and replaced with 122 covered parking spaces. The new vehicle entry and check in will be at the rear of this addition, and the present entrance shall be reconfigured to include a putting green, low landscaping, and a new porte-cochère modeled on the original 1959 plans that were not executed. The new development area will total 73,707 square feet (this includes a 3,000 square foot small additions credit for each lot). Two interior setback modifications are required to allow the non-residential addition to encroach into the 20' required interior setback along the south property lines. The additional non-residential square footage will be acquired through a Transfer of Existing Development Rights (TEDR) with the former Sandman Hotel site.

Proposal to construct 13 new apartment units in a 13,323 square foot two-story building at the rear of the site near Via Lucero. The project consists of the demolition of 2,152 square feet of commercial structures from an existing nursery. The existing two-story commercial building fronting State Street will remain unchanged. The new apartment building will be attached to the existing 5,442 square foot one-story office building at the center of the site. The project includes two attached carports for 13 spaces, and a 262 square foot trash enclosure. Parking on the site will be reconfigured with 117 total spaces with 39 of the spaces provided on an adjacent parcel to the west with an off-site parking agreement. The entire site will be made accessible with a new ramp at State Street, a pedestrian lift at the center of the site, and right-of-way improvements at Via Lucero. Pedestrian sidewalk improvements were required at Via Lucero resulting in the proposed building and private outdoor living space for two units being too close to the right-of-way.

Proposal for a major façade remodel to the existing four-story, 43,354 square foot Santa Barbara Inn. The project will consist of the following: change the exterior facade design, enlarge the main entry, remove and relocate two units, relocate existing bar and restaurant, relocate existing hotel rooms, replace existing swimming pool and spa, remove existing equipment shed and replace it with a new, partial below-ground vault, redesign the landscape and hardscape, remove the entry area drive and two curb cuts and replace with landscaping, install new sidewalk on the Milpas Street side, and repave and landscape the parking area. The proposal will result in 492 square feet of new floor area; however, there is a net decrease of 1,082 square feet of commercial floor area. The project will result in a 43,191 square foot structure. The original project approval was granted under application MST2004-00052. The project is currently under construction under BLD2012-00380.

<p>Proposal to permit the "as-built" construction of 2,909 square feet of commercial buildings on an existing 1.88 acre lot which is currently developed with 21,355 square feet of commercial buildings. The "as-built" construction is composed of an addition of 250 square feet to building 1, a 575 square foot addition to building 17, a 720 square foot addition to building 18, a 520 square foot addition to building 19, a 133 square foot addition to building 20, a 1,186 square foot addition to building 28, and a 560 square foot canopy addition to building 15. The proposal includes permitting an "as-built" trellis and deck for the existing building 22, new accessible parking spaces, paths of travel, alterations to the site landscaping, and restriping the existing parking area. A total of 52 parking spaces are proposed on-site, which includes 12 parking spaces per an existing parking easement for the property at 208 N. Calle Cesar Chavez. The "as-built" additions require Development Plan Approval by the ABR for 2,909 square feet of non-residential square footage. The 2,909 square feet figure excludes the 560 square foot canopy and 475 square feet for a building demolished under a separate permit.</p>

This is a revised Project Description: Proposal for alterations to an existing two-story, mixed-use development. The proposal consists of the following alterations: remove two "as-built" residential units, convert existing residential garages to storage, and add a laundry room. Also proposed are exterior changes to the existing garage doors, new doors and changes to windows, moped and bicycle parking, removal of an "as-built" balcony partition, new gates and walls, closing off the driveway along Santa Barbara Street, and a landscape plan. Development Plan approval was granted to allow 2,718 square feet of new non-residential floor area for the conversion of the garages. Zoning modifications have been approved to eliminate the existing residential parking and to not provide new parking for the converted commercial square footage.

This structure is on the City's Potential Historic Resources List as a contributing resource to the proposed West Beach Historic District, formerly the 7-Up Bottling Plant. Proposal is to demolish 9,909 square feet of an existing 11,211 square foot commercial building and construct a 12,277 square foot addition, resulting in 13,579 square feet of residential floor area. The building would change use from commercial to residential, resulting in seven new three-bedroom residential condominiums. Zoning Modifications were approved for the encroachment of the existing structure into the front setback on Yanonali St. upon the change of use, and the encroachment of the van-accessible parking access aisle into the front setback on Los Aguajes. The maximum building height is proposed to be 33'-0". Sixteen parking spaces are proposed in seven private garages, two carports, and two uncovered surface guest spaces.

ALD

This is a revised project description. Proposal for a new, three-story, 41'-5" tall mixed-use development on a 91,000 square foot parcel located at the corner of W. Sola and Chapala Streets. The project will comprise 33 residential apartments (totaling 28,049 square feet) and two commercial units (895 square feet). The new building will total 61,456 square feet, including a 665 square foot exercise room and a 13,884 square foot partially below-grade parking garage. The parking garage will contain 41 spaces, and a surface lot will contain 50 spaces for a total of 91 spaces, with 33 spaces allocated to the residential units, two spaces allocated to the commercial units and 56 spaces allocated to the Arlington Theatre. Also proposed is the removal of nineteen mature trees, with twelve existing trees to be protected on site and six mature palm trees to be relocated on site. Grading excavation will total 3,400 cubic yards. A detached trash enclosure for the theater is proposed to replace an existing trash enclosure and will be constructed near the northwest corner of the Arlington Theatre. A waiver of parking lot interior planter requirements is requested. This parcel is within the 10% Parking Zone of Benefit and contains a designated Structure of Merit: "Arlington Hotel Garden Arch."

This structure is on the City's List of Potential Historic Resources and is eligible for City Landmark status: "St. Anthony's Seminary." The original seismic and safety upgrade project approved under application MST2005-00241 has been revised to include the following changes: Proposal for the demolition of 1,803 s.f. of floor area and stair at the south elevation, courtyard side, of the Infirmary Wing to create an accessible outdoor classroom with tiered seating and to extend the existing arcade roofline to cover an accessible path. The project will also include new accessible restrooms on the lower level, a technical mezzanine on the upper level, and the integration of handicapped access at the main level. Adjustments will be made at grade to the adjoining courtyard and walkways to meet accessibility, utility, and life safety standards. Portions of the roof above the south courtyard facade of the Infirmary Wing will be removed with the remaining to be upgraded to meet structural and seismic requirements, with the overall roof height to be lowered by 4.5 feet. An existing brick chimney and roof penetrations are also proposed to be removed. A partial demolition of the south-facing courtyard will allow the restoration of five original windows on the Main Building. An existing opening between the Main Wing and Infirmary Wing will be infilled with a new window to match the existing on this 12.3 acre parcel.

ABR

Proposal for a complete interior and exterior remodel of an existing mixed-use building consisting of 1,300 square feet of commercial space and five residential units on a 10,000 square foot site. The remodel consists of a new floor plan configuration, a 60 square foot commercial addition, new exterior patio and trellis along Haley Street, new entries for the residential units, and one new accessible uncovered parking space. Also proposed is to remove an existing 10" diameter tree and to construct a new 51 linear foot, 6'-0" tall CMU and plaster wall.

The proposed project includes a new two-story, six-unit affordable senior apartment building in the existing Second Baptist Church parking lot. Each new unit would have one-bedroom and 540 square feet of floor area. The lot is currently developed with a 2,265 square foot church and an existing two-story 2,319 square foot residential duplex. The project includes converting the 1,599 square foot ground floor duplex unit to church use. The existing 720 square foot second floor "care taker's unit" would remain. The seven resulting rental dwelling units would be price restricted for low income seniors. The project would result in 3,864 square feet of non-residential use and 3,960 square feet of residential use on the 24,872 square foot lot. Twenty (20) automobile parking spaces and four bicycle spaces would be provided. State Density Bonus concessions and incentives were requested to allow a six-unit building in the R-2 Zone, outdoor living space consistent with the R-3/R-4 Zone requirements, and parking in the front setback.

SMR

This is a revised project description. Proposal for a 1,731 square foot two-story addition to be constructed on top of an existing 1,489 square foot, one-story commercial building. The commercial building will be converted to residential use and will be used as a four-car garage and storage. The resulting three-story single-family dwelling unit will be 40'-6" tall on an approximately 2,000 square foot parcel. Total floor area on site will be 3,312 square feet, or a 1.65 floor-to-lot-area ratio. A total of 969 square feet of outdoor decks and landings is also proposed. There will be 124 square feet of permeable paving installed in the driveway. The project received Staff Hearing Officer review for requested zoning modifications for setback encroachments and open yard area.

ALD

Proposal for renovations to the Montecito Country Club. This proposal has been reduced in scope to the following: facade improvements to the existing clubhouse; a new 5,746 square foot golf cart storage building; a new 702 square foot storage and maintenance building; modify parking lot; relocate pool; modify pool support building; add a pool pavilion, 365 square foot snack shop, 555 square foot pool equipment room, splash pool, lap pool, whirlpool; sand volleyball court, bocce ball court; new patios, and landscaping. The clubhouse structure is eligible for Structure of Merit status and will be reviewed by the Historic Landmarks Commission. The project includes major grading with 192,000 cubic yards of cut and fill for recontouring, and renovation of an existing 18-hole golf course. Significant tree removals [252], tree relocations [43], and new trees [725] are proposed, with a net gain of 479 additional trees. The project received Planning Commission approval on 9/10/09 [Resolution No. 035-09] for a Conditional Use Permit Amendment, Coastal Development Permit, and Development Plan Approval. Proposed development has been reduced by approximately 7,200 square feet from the approved project. The project involves the following Assessor's Parcel Numbers: 015-300-001, 015-300-002, 015-300-03, 009-091-014, 009-091-019, 009-091-020, 009-151-006, 009-151-007, 015-211-009, 015-211-010, and 015-280-014.
