

## **Cabrillo Boulevard Bridge Replacement Project Update: August 2016**

Crews have made good progress installing new steel and concrete piles to support the beach-side of the Cabrillo Boulevard Bridge.

### **Upcoming Work:**

Throughout August, crews will continue installing piles as part of the foundation of the new bridge. Excavation and concrete work for bridge support walls will also occur. Large cranes and equipment will be onsite throughout the month.

### **Fiesta:**

Crews will work a modified schedule with limited construction on Friday, August 5th to allow for the Historical Parade. Old Spanish Days and KEYT Channel 3 will be announcing from the Dolphin Fountain at the base of Stearns Wharf and State Street.

### **Closures:**

Throughout Stage 3, the beach-side of Cabrillo Boulevard will remain closed near the bridge. One lane in each direction remains open during daytime construction on the new mountain-side of the bridge.

To accommodate the work area, the left turns from Cabrillo Boulevard to Stearns Wharf (westbound) and on to Helena Avenue (eastbound) are prohibited. Businesses on Helena Avenue remain open with both pedestrian access and vehicle access from

westbound Cabrillo Boulevard. Motorists can enter Stearns Wharf from State Street and eastbound Cabrillo Boulevard. Detour signs are in place to highlight access around the closures.

**Fall 2014 - Spring 2017:**

The Cabrillo Boulevard Bridge Replacement Project includes a new bridge, enhanced Mission Creek banks, and improved pedestrian areas. Cabrillo Boulevard, surrounding businesses, parks, Stearns Wharf, and the Arts and Crafts Show will remain open throughout construction.
