

Project:

Santa Barbara Museum of Art Renovation Project

Description:

The Santa Barbara Museum of Art is underway with a large renovation project that will be affecting Library Plaza, Library Avenue, and the grounds between the two facilities. Although this is not a City project the City has agreed to allow the Museum to use Library Plaza as a construction staging area for their renovation project. The Museum's renovation project is currently underway and will continue through 2018. The Museum has recently put up construction fencing around Library Plaza. Increased construction activity can be expected around the Library and Museum for the next couple years.
