Engineering Division**

Construction Notice

Construction of Sidewalk, Access Ramps, and High Visibility Crosswalks

PROJECT: New sidewalk, access ramps, and high visibility crosswalks will be constructed at various locations throughout the City.

- LOCATIONS:**
- New sidewalk will be installed on Old Coast Highway, from Harbor View Drive to approximately 350 feet to the west.
 - Eight new sidewalk access ramps will be installed along Sunset Avenue, from Pedregosa Street to Valerio Street.
 - High visibility pedestrian crosswalks, including rectangular rapid flashing beacons, will be installed at the intersections of:
 - Park Place and Old Coast Highway
 - De La Vina Street and Samarkand Drive
 - De La Vina Street and Calle Laureles
 - De La Vina Street and Arden Road

PROJECT SCHEDULE: Construction will begin the first week of December 2016 and last through March 2017.

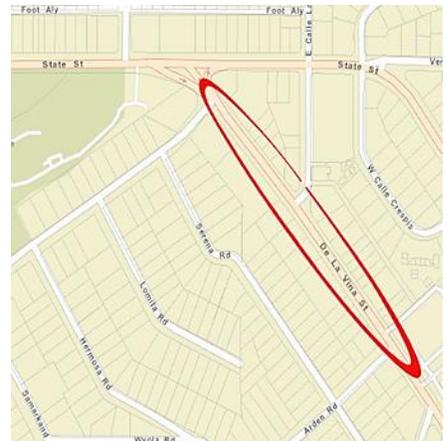

WHAT TO EXPECT: Sidewalk and traffic lanes will be partially closed for approximately one week at a time; however, there will be no full street closures.

FUNDING: Community Development Block Grant, Measure A Grant, City Funds

Project Contact: Max Kashanian, Project Engineer, (805) 564-5450, MKashanian@SantaBarbaraCA.gov

Información en Español: Laura Yanez, Ingeniera, (805) 897-2615, LYanez@SantaBarbaraCA.gov

We appreciate your patience and cooperation while we are making these improvements.
