The Santa Barbara Airport (SBA) offers guided Airport tours to area schools, youth organizations, community groups with special needs and business organizations, as a public service to our community.

Airport Tours are guided by Tim Lawton, Airport Community Education Liaison, who has over 20 years of experience at SBA. Tours are dynamic, interactive and cover a wide range of aviation topics. School and youth organization tours are age and grade level appropriate and focus on science, technology, engineering and math (STEM). Aviation related demonstrations are available to teachers on a special request basis.
