Sustainable Landscape

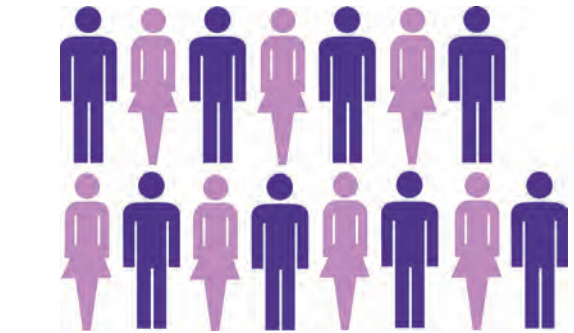

6,000 Gallons

Water

250 Pounds

Yard Waste

15 Hours

Maintenance
Hours

Consumption for one year based on 2005-2006 data.

A demonstration project at Santa Monica College compared two landscape types side by side for a year; when you compare a traditional “mow and blow” landscape vs. a sustainable landscape, the numbers speak for themselves. Sustainable landscaping saves time, money, and water. Learn more about sustainable landscaping at SaveWaterSB.org
