

City of Santa Barbara
Airport Department

Meeting: 08/15/18
Agenda Item No. 10

DATE: August 15, 2018
TO: Airport Commission
FROM: Hazel Johns, Airport Director
SUBJECT: Air Service Development Program

RECOMMENDATION:

That Airport Commission receive a presentation by Kevin Schorr, Campbell-Hill Aviation Group, LLC, regarding the Airport's 2019 Air Service Development Program.

DISCUSSION:

The Airport has contracted for specialized air service development services since 1979 to assist the Airport staff in maintaining and enhancing airline service and pursuing new air service opportunities. The Airport has benefited from these services with the reinstatement of Dallas service by American Airlines, increased frequencies to Denver by United Airlines, and new low cost carriers Frontier and Sun Country beginning service this month.

The presentation will address the status of the airline industry, impacts to Santa Barbara's service, and actions being taken to maintain and enhance service.

PREPARED BY: Hazel Johns, Airport Director
