\*\* All approvals made by the Architectural Board of Review (ABR) are based on compliance with Municipal Code Chapter 22.68 and with adopted ABR guidelines. Some agenda items have received a mailed notice and are subject to a public hearing.

- \*\* The approximate time the project will be reviewed is listed to the left of each item. It is suggested that applicants arrive 15 minutes early. The agenda schedule is subject to change as cancellations occur. Staff will notify applicants of time changes.
- \*\* The applicant's presence is required. If an applicant is not present, the item will be postponed indefinitely. If an applicant cancels or postpones on item without providing advance notice, the item will be postponed indefinitely and will not be placed on the following ABR agenda. In order to reschedule the item for review, the applicant must fill out and file a Supplemental Application Form at 630 Garden Street (Community Development Department) and submit appropriate plans.
- \*\* The Board may grant an approval for any project scheduled on the agenda if sufficient information has been provided and no other discretionary review is required. Substitution of plans is not allowed, if revised plans differing from the submittal sets are brought to the meeting, motions for preliminary or final approval will be contingent upon staff review for code compliance.
- \*\* Preliminary and Final Architectural Board of Review approval is valid for one year from the date of the approval unless a time extension or Building Permit has been granted.
- \*\* The Board may refer items to the Consent Calendar for Preliminary and Final Architectural Board of Review approval.
- \*\* In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Planning Division at (805) 564-5470. Notification at least 48 hours prior to the meeting will enable the City to make reasonable arrangements.
- \*\* **Many of the items before the Board may be appealed to the City Council. For further information on appeals, contact the Planning Division Staff or the City Clerk's office. Said appeal must be in writing and must be filed with the City Clerk at City Hall within ten (10) calendar days of the meeting at which the Board took action or rendered its decision. The scope of this project may be modified under further review.**
- \*\* **AGENDAS, MINUTES and REPORTS: Copies of all documents relating to agenda items are available for review at 630 Garden St. in the City Clerk's office, at the Central Library, and [www.SantaBarbaraCa.gov](http://www.SantaBarbaraCa.gov) If you have any questions or wish to review the plans, please contact David Sullivan, at (805) 564-5470 between the hours of 8:30 a.m. to noon and 1:00 p.m. to 4:00 p.m., Monday through Friday.**

### **LICENSING ADVISORY:**

The Business and Professions Code of the State of California and the Municipal Code of the City of Santa Barbara restrict preparation of plans for certain project types to licensed professionals. Applicants are encouraged to consult with Land Use Controls or Planning Staff to verify requirements for their specific projects.

Unlicensed persons are limited to the preparation of plans for:

- Single or multiple family dwellings not to exceed four (4) units per lot, of wood frame construction, and not more than two stories and basement in height;
- Non-structural changes to storefronts; and,
- Landscaping for single-family dwellings, or projects consisting solely of landscaping of not more than 5,000 square feet.

**NOTICE:**

1. That on October 20, 2005 at 4:00 p.m., this Agenda was duly posted on the Community Development bulletin board, in the office of the City Clerk, and on the bulletin board on the outside of City Hall.
2. This regular meeting of the Architectural Board of Review will be broadcast live and rebroadcast in its entirety on Wednesday at 9:00 a.m. on Channel 18.

**GENERAL BUSINESS:**

## A. Public Comment:

Any member of the public may address the Architectural Board of Review for up to two minutes on any subject within their jurisdiction that is not scheduled for a public discussion before the Board on that day. The total time for this item is ten minutes. (Public comment for items scheduled on today's agenda will be taken at the time the item is heard.)

No public comment.

## B. Approval of the minutes of the Architectural Board of Review meeting of October 17, 2005.

Motion: Approval of the minutes of the Architectural Board of Review meeting of October 17, 2005, with corrections.

Action: Bartlett/Manson-Hing, 6/0/0.

HC/SD-3 Zone

Assessor's Parcel Number: 033-120-022  
Application Number: MST2005-00693  
Business Name: Ty Warner Sea Center  
Agent: Jennifer Foster  
Owner: Santa Barbara Museum of Natural History

(Proposal to replace existing, gooseneck, light fixtures for the exterior Ty Warner Sea Center sign with LED lights.)

**(This is an appeal of a Sign Committee decision of October 5, 2005, for proposed signage lighting.)**

**(3:17)**

David Van Hoy, Jennifer Foster, and Jenny Theodorou, present.

Public comment opened at 3:27p.m.

David Anderson, stated that he supports the proposal project and that the focus is to educate visitors and residents on the sea.

Public comment closed at 3:28p.m.

Motion: Continued indefinitely to the Consent Calendar with the following comments: 1) The Board supports the request to back light the fixtures with the condition the applicant study finding a warm light. 2) Provide detail of how the lights will be retro- fitted with the LED. 3) It is understood that the gooseneck light fixtures will be removed on both sides of the building and will not be replaced. 4) The ocean side signage will not be lit at all.

Action: LeCron/Wienke, 6/0/0.

(Proposal to construct a new 30 square foot ATM kiosk at Stearns Wharf.)

**(Second Concept Review.)**

**(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT, DEVELOPMENT PLAN APPROVAL FINDINGS & COASTAL PERMIT FROM THE COASTAL COMMISSION.)**

**(3:40)**

Scott Riedman and Ruben Haro, Architect, present.

Motion: Continued indefinitely with the following comments: 1) The Board does not support the proposed location of the ATM kiosk. There is opportunity for the kiosk to be placed in the retail area. 2) The Board would like to see an integrated design which is consistent with the existing architecture of the Wharf. 3) The proposed light fixture(s) is not in keeping with the design style of the Wharf.

Action: Manson-Hing/LeCron, 6/0/0.

(Proposal to construct six new condominium units in two buildings, replacing 13 existing apartment units on a 12,500 square foot site located in the Coastal Zone. The project includes four one-bedroom units and two two-bedroom units. Two modifications are requested: a setback modification to allow one building to encroach into the interior yard setback, and a parking modification to provide 11 parking spaces rather than the 12 required spaces. A voluntary lot merger is also a part of the project.)

**(COMMENTS ONLY PROJECT REQUIRES PLANNING COMMISSION APPROVAL FOR A TENTATIVE SUBDIVISION MAP AND MODIFICATIONS.)**

**(3:57)**

Keith Rivera, Architect; Laurie Romano, Landscape Architect; and Steve Berkus, Architect; present.

Motion: Continued indefinitely with the following comments: 1) The Board finds the size, bulk and scale of the proposal to be too aggressive. 2) The amount of proposed covered space, including parking, covered entrance ways, covered deck spaces have created a site plan that is too aggressive. 3) The Board recognizes that the overall neighborhood has large scaled buildings; however the existing structure has resulted into a form which is out of scale with the larger structures of the neighborhood. 4) It is suggested to reduce the uncovered guest spaces, reduce unused square footage space, and create exterior entry sequences, and to open up covered deck spaces. 5) The Board finds the new building on the east side to be in keeping with the neighborhood and nicely conceived. 6) The Board suggests studying the fenestration detail and size. 7) The modification request for the building to encroach into the interior yard setback would no longer be relevant with these changes; therefore, the Board withholds judgment at this time. 8) The Board supports the modification request for parking, as it is technical in nature.

Action: Manson-Hing/Bartlett, 6/0/0.

Assessor's Parcel Number: 039-010-010  
 Application Number: MST2005-00143  
 Owner: Steven Johnson  
 Architect: Y.S. Kim

(Proposed new 14,050 square foot three-story 9-unit apartment building with 930 square feet of deck area and a 7,500 square foot subterranean parking garage on a 22,500 square foot lot. The project includes riparian restoration for Old Mission Creek. Planning Commission may be required for a map amendment.)

**(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND COMPLIANCE WITH PLANNING COMMISSION RESOLUTION NO. 009-05.)**

**(4:46)**

Y.S. Kim, Architect; and Steve Johnson, Owner; present.

Motion: Continued indefinitely with the following comments: 1) The site is advantageous for a large scale building; as it sits back from the street, and close to the railroad tracks. However, the Board finds the proposal to be too aggressive, allowing no landscape buffering. 2) The Board sees opportunity for a three story structure; however, the proposal is boxy in nature and has a motel quality expression. 3) Study breaking down the architectural pieces to be more in keeping with the Santa Barbara style of architecture. 4) It is suggested to study relocating the living area away from the railroad side to alleviate the sound issue. 5) Provide additional photo documentation showing the adjacent neighbors and the streetscape. 6) Return with an accurate grading plan to show proposed grading and how it relates to the existing grade. 7) Provide documentation of existing trees and the trees that are to be removed. 8) The Applicant is to provide site sections clearly showing all proposed retaining walls.

Action: Eichelberger/LeCron, 6/0/1. Wienke abstained.

(Proposal to construct a new 5,305 net square foot, two-story single-family residence on a 50,094 square foot vacant lot in the Hillside Design District. The proposal also includes an attached 848 net square foot garage and a 400 square foot swimming pool, for a total of 6,153 net square feet. The project includes 100 cubic yards of cut and 100 cubic yards of fill under or within five-feet of the main building, and 800 cubic yards of cut and 800 cubic yards of fill outside of the main building footprint.)

**(Fourth Concept Review.)**

**(COMMENTS ONLY FOR LANDSCAPE AND PLANTING PLANS; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND PLANNING COMMISSION APPROVAL FOR NEIGHBORHOOD PRESERVATION ORDINANCE FINDINGS AND A MODIFICATION.)**

**(5:27)**

Kirk Gradin, Architect; and Aaron Carrol, present.

Motion: Continued indefinitely to the Planning Commission with the following comments, and return to the Full Board for review of the landscape plan. 1) The Board acknowledges that there is a significant amount of grading proposed, and looks forward to the Planning Commission review of this item. 2) The Board appreciates the natural appearance of the long meandering driveway and understands that the associated driveway walls are to remain a maximum of four-feet in height. 3) The retaining walls to the rear of the structure sit low and are obstructed from view to the street and therefore are acceptable. 4) The Board is still concerned with the grading and the site wall to the north of the house, and recommends reducing the engineered contours by such means as additional low terraced walls, and a significant dropped grade change between the house finished floor, and the yard area. 5) Any introduction of terraced walls need to be low, rustic, laid back gravity walls of minimal height to maintain the natural flow of the topography; both in the walls and articulation of the landscape. 6) The Board appreciates the inclusion of a detention basin for the site drainage. 7) The Board finds the landscape plan to be successful but would like to see augmentation of trees along the frontage street. 8) The Board would support the introduction of a hedge along the street frontage. 9) The surrounding hedge is to be compatible in its form with the other landscape and hedges in the neighborhood. 10) The Board would like to see an entry gate and retaining walls more rustic in character with downplay of the entry. 11) The Board would support grading around the existing Eucalyptus tree with a maximum of 18-feet of non-structural fill. 12) The Board supports not removing the Acacia trees given they are in a non-native context.

Action: Bartlett/Manson-Hing, 6/0/0.

(This is a revised project description since the last ABR concept review on 1/10/05; the project includes a revised design for a two-story, three bedroom, single family residence of 1,971 square feet with an attached 441 square foot garage on a 6,544 square foot lot in the 1000' of El Pueblo Viejo Landmark District Part II.)

**(6:56)**

Mario Da Cunha, Applicant; and John Luca, Owner; present.

Public comment opened at 7:06p.m.

Margaret Marble, neighbor, submitted a statement which states that the project is not compatible with the neighborhood. It is oversized for the lot, destructive of the green space, and overcrowds the neighborhood.

Greg Giloth, neighbor, submitted a statement which states the project is not compatible with the neighborhood.

Tony Fischer, submitted photographs of the site and a copy of the Planning Commission Resolution. Mr. Fisher stated that the lot is a narrow, long lot, which is not conducive to development. Mr. Fisher would like the ABR conduct a site visit and to install story poles.

Mr. Olsen, neighbor, submitted a statement which states that the two lots should be reviewed concurrently.

Lisa Burns, neighbor, stated that the project is moving in the wrong direction, as the development was to be a one story home. The project should be two, one story homes or else one, two story home.

Mr. Ure, neighbor, is concerned with drainage and water flow. The project is not compatible with the neighborhood.

Scott Burns, neighbor, is concerned with an existing tree which is situated on his property and the subject proposal.

Public comment closed at 7:20p.m.

Straw Vote: Should the ABR request a Planning Commission review? 3/4.

Public comment reopened at 7:27p.m.

Mr. Olson stated that it would be in the best interest to refer the project to the Planning Commission with a joint meeting with the ABR. Mr. Olson would like the two lots to be reviewed concurrently.

Public comment closed at 7:29p.m.

Motion: Continued indefinitely with the following comments: 1) Upon return, provide further documentation of the two properties under one site plan, including adjacent neighboring footprints. 2). Verify the location of the Oak tree in relation to the neighbor to the north. 3) A majority of the Board is concerned with the mass, bulk and scale of the two units. 4) The Board finds the rear unit should be subservient to the front unit, and to be more of a guest house style scale of architecture. 5) The front unit should be re-studied to flip the plan to orient the garage internal to the site in order to reduce the hardscape and increase the landscape. 6) The architecture is considered large in scale, and the overall proposal too aggressive for the site. Some Board members find that the architecture should be broken down into smaller piece. One suggestion is to use dropped roofs at the stairwells. 7) There is concern with the south elevation scale of the two-story mass. 8) It is understood that the front house auto court will become a front yard landscape element, and the Board entertains the idea of open yard space.

Action: Bartlett/Wienke, /0/0.
