Assessor's Parcel Number: 017-133-005

Application Number: MST2009-00332

Owner: Second Baptist Church of Santa Barbara

Architect: D.W. Reeves & Associates AIA

(The proposed project includes a new two-story, six-unit affordable senior apartment building in the existing Second Baptist Church parking lot. Each new unit would have one-bedroom and 540 square feet of floor area. The lot is currently developed with a 2,265 square foot church and an existing two-story 2,319 square foot residential duplex. The project includes converting the 1,599 square foot ground-floor duplex unit to church use. The existing 720 square foot second-floor "care taker's unit" would remain. The seven resulting rental dwelling units would be price restricted for low-income seniors. The project would result in 3,864 square feet of non-residential use and 3,960 square feet of residential use on the 24,872 square foot lot. Twenty (20) automobile parking spaces and four bicycle spaces would be provided. State Density Bonus concessions and incentives were requested to allow a six-unit building in the R-2 Zone, outdoor living space consistent with the R-3/R-4 Zone requirements, and parking in the front setback.)
