Actions on the Consent Calendar agenda are reported to the Full Board at the next regular meeting. The Full Board has the discretion to ratify or not ratify the Consent actions. The Consent Calendar reviewing member of the ABR may refer items to the Full Board for review.

The proposed project consists of 48 residential condominium units in 4 two- and three-story buildings on a 1.8-acre vacant lot. The size of the residential units would vary, ranging between 994 and 2,086 square feet. Each of the four buildings would contain twelve residential units and would have individual courtyards. All units would have a two-car garage with a mix of side by side configuration and tandem configuration. Four guest parking spaces would be provided, resulting in a total of 100 on-site parking spaces. Vehicle access would be provided from both East Montecito Street and Calle Cesar Chavez. Forty of the 48 units would be sold as below-market rate units. A 14-foot wide shared access easement is provided along the western perimeter of the project site. The prior approvals consisted of a Tentative Subdivision Map, a Modification to provide less than the required amount of guest parking, and City Council approval of a Specific Plan [SP-10]. The redesigned project received a Substantial Conformance Determination at the Planning Commission on 11/19/2009.)
