D. Announcements, requests by applicants for continuances and withdrawals, future agenda items, and appeals.

- a. Mr. Limon clarified the new environmental review California Environmental Quality Act (CEQA) finding under CEQA Guidelines Section 15183, which is also based on City staff analysis and CEQA certificate of determination on file. Under this California Environmental Quality Act (CEQA) Guidelines section, projects with new development (new nonresidential square footage or new residential units) qualify for an exemption from further environmental review documents if (1) they are consistent with the General Plan development density evaluated in the 2011 General Plan Program Environmental Impact Report, and (2) any potentially significant project-specific impacts are addressed through existing development standards. Section 15183 exemptions are determined by staff based on a preliminary environmental review process, with a decision-maker CEQA finding is required for a Section 15183 exemption. City Council General Plan environmental findings remain applicable for these projects.
- b. Mr. Limon also stated that pending Average Unit Density (AUD) project review updates are also scheduled for later training presentation to the Board in October.

E. Subcommittee Reports.

There were no Subcommittee reports.

CONCEPT REVIEW - NEW ITEM

1. 700 SHORELINE DR

P-R/SD-3 Zone

(3:10) Assessor's Parcel Number: 033-120-020
 Application Number: MST2013-00321
 Owner: City of Santa Barbara
 Applicant: Santa Barbara City College

(Proposal to replace the scoreboard for Santa Barbara City College La Playa Stadium. The new scoreboard would use an electronic display screen and the structure includes signage above and below the display, and on the reverse side of the scoreboard. The freestanding structure is proposed to be 28 feet tall and 18 feet, 8-inches wide. ABR advisory comments and recommendations are requested.)

(Action not required; advisory comments and recommendations are requested.)

Actual time: 3:14 p.m.

Present: Robert Coles, Architect; Julie Hendricks, Director of SB City College/Facilities Dept.; and Richard Urban, Designer.

Public comment opened at 3:35 p.m.

- 1) Tim LaDouce, opposition; expressed concerns regarding the use of the proposed signage as continuous advertisement on City property for Union Bank.

A letter of concern from Paula Westbury was received; and emailed comments and recommendations to the Board from staff were received from Bob Cunningham and Natalie Cope of the Sign Committee.

Public comment closed at 3:38 p.m.

Motion: Continued indefinitely to the California Coastal Commission with advisory comments and recommendations:

- 1) The Board finds the new score board sign to be elegantly designed with high quality materials, with appropriate super-graphics and lettering for the names of the college and stadium.
- 2) The majority of the Board found the general signage mass, bulk, and size to be acceptable.
- 3) Board members had a concern with the permanence of the sponsorship advertisement for "Union Bank" logo. One suggestion was made to incorporate monitor panels for displaying the sponsor's name. Other suggestions were made to reduce the size of the Union Bank Logo. The Board understands that the City Municipal Code does not allow for off-site signage or privately sponsored off-site signage and as the proposed lettering is 16" which is over the normally allowed height of 12", study to reduce the proposed lettering and to center the lettering away from the sign edges.
- 4) The Board understands that the scoreboard monitor will be illuminated only during *scheduled* events or sports games and speakers oriented toward the college stadium seating.
- 5) Study to reduce the proposed "La Playa Stadium" lettering and to center the lettering away from the sign edges.
- 6) The Board understands that the proposed signage is located near a popular and active waterfront location, and suggests that the orientation of the sign be shifted. One suggestion solution is to have the scoreboard angled more toward facing the stadium audience, and more of the back of the signage turned toward the intersection of Loma Alta and Shoreline Drive in order to reduce the visible illuminating distraction to beach visitors and passing drivers on the public streets, and to increase the visibility and access of the live games and events for the audience.

Action: Gradin/Mosel, 7/0/0. Motion carried.

PROJECT DESIGN REVIEW**2. 1810 SAN PASCUAL ST****R-3 Zone****(3:45)**

Assessor's Parcel Number: 043-163-010

Application Number: MST2013-00261

Owner: Brian Escalera

Applicant: R.E. Johnson

(Proposal for a new two-story 5,494 square foot four-unit apartment building with four attached carport parking spaces. The existing one-story single-family residence and garage on the 8,504 square foot lot will be demolished or relocated.)

(Project was last reviewed on July 22, 2013. Project requires environmental finding for CEQA Guidelines Section 15183 Exemption prior to Project Design Approval.)

Actual time: 4:19 p.m.

Present: R.E. Johnson, Architect; Brian Escalera, Owner.

Public comment opened at 4:27 p.m.

- 1) Tim LaDouce, opposition; expressed concerns regarding the front area and wall of the building and if it had shifted from the previously proposed location. The Board confirmed that it had not changed location according to the current proposed plans.
- 2) Gina Carbajal, opposition (speaking for other local neighbors who couldn't attend); with expressed exhaust fume concerns of proximity to the proposed truck parking area, proposed parking density on San Pascual and Islay Streets, and additional construction noise abatement concerns in addition to existing already existing passing train noise. The Chair clarified that the City does have explicit construction and noise ordinance restrictions that are strictly enforced.

A letter of concern from Paula Westbury was received.

Public comment closed at 4:32 p.m.

Motion: Project Design Approval and continued indefinitely to Full Board for Final Review with comments:

- 1) Return with details and lighting.
- 2) Provide an additional tree in the back area for the proposed landscape plan to create a more lush environment and more separation between the two properties.
- 3) The Board finds that the project qualifies for an exemption from further environmental review under CEQA Guidelines Section 15183, based on the City staff analysis and CEQA certificate of determination on file for this project.

Action: Gradin/Wittausch, 7/0/0. Motion carried.

The ten-day appeal period was announced.
