

DEPARTMENT SUMMARY

Waterfront

Provide the community with a quality Waterfront for recreation and commercial use, along with mooring and landside services for boating activities.

About Waterfront

The Waterfront Department is responsible for managing approximately 252 acres of tidelands and submerged lands encompassing the Harbor and Stearns Wharf. The Waterfront Department is an enterprise fund and operates from revenues generated from the resources it manages; primarily lease revenue, slip fees, and parking fees.

There are a total of 1,137 slips in the Harbor, about 10% of which are used by commercial fishermen and 90% by recreational boaters and others that are all subject to slip permits. The Harbor business/commercial area includes nine major buildings, all of which are owned by the City, including the Waterfront Center, the largest building in the area.

While the Harbor area is a mixture of ocean dependent, ocean related and visitor-serving uses, the Wharf's primary commercial uses include restaurants, retail shops, a bait and tackle store, and limited office space.

The Waterfront Department also operates eight parking lots along Cabrillo Boulevard between Leadbetter Beach and East Beach.

Fiscal Year 2012 Budget Highlights

Waterfront Department will fund \$5,378,000 in capital improvement projects, including pile replacement and timber repairs to Stearns Wharf, Marina 2 dock replacement, and replacement of a lift station on Stearns Wharf. The most significant capital project will be the replacement of "L", "M" and "N" fingers in Marina One, which are the third and fourth phases of a multi-year reconstruction project for Marina One, the harbor's largest marina.

The Department has also received a \$400,000 Boating and Waterways grant to replace deteriorated concrete in the launch ramp.
