Memorandum

DATE: August 24, 2015
TO: Building & Fire Code Appeals Board
FROM: Andrew Stuffer, Chief Building Official
SUBJECT: 714 Castillo – Appeal of Decision to Issue Building Permit

The City Building & Safety Division is required by law to issue building permits to permit applicants that demonstrate compliance with the City Municipal Code (includes the State Building Standards Codes). Private property easements and other private agreements that do not establish or adjust the real property parcel geometry, as depicted by the County Assessor, cannot be considered when determining compliance with the City's Municipal Code.

It is for this reason that the City was required to issue the ministerial fence permit that is the subject of this appeal.

Staff recommends that the Board uphold the decision of the City Building Official or make a recommendation for staff to obtain a written City Attorney review of the City's ability to enforce private easements.
