

## **Measure C Citizen's Oversight Committee Recommendations**

The Citizen's Oversight Committee met for the first time on Wednesday, September 26, 2018. The Committee voted to appoint Mr. Ken Oplinger, Executive Director of the Santa Barbara Chamber of Commerce, as Chair, and Mr. Steve Lew was voted in as the Vice Chair.

The Oversight Committee provided the following recommendations:

1. Meeting Frequency – The Committee as a whole asked that the Committee meeting quarterly at least initially. Staff has no concerns with this recommendations and appreciates the Committee's desire to hear the status of both revenues and projects more frequently.
2. Police Station Update – Chair Oplinger requested a presentation to the Committee on the possible sites for the new police station. Staff brought the update to the Oversight Committee meeting held on October 31, 2018.
3. Pavement Condition Index (PCI) – Committee member Byrne requested that the Annual Accountability Report include PCI data over time to see to what extent the enhanced funding for streets causes the PCI to improve. Staff supports this recommendation and will include updated PCI data as it becomes available.
