

PLAYER IMPROVEMENT FUND SUBCOMMITTEE
To the
GOLF ADVISORY COMMITTEE
FY2018 REPORT

Members:

Chair John M. Craig
Secretary Larry Nowlin
Members Maureen Masson
 Jeff Hewes
 Lori Takeuchi

Statement of Activities

Opening Available Balance:	\$56,536
Additions in the year from Greens Fees:	\$52,951
Less spend on:	
• Divot Containers on all Par 3's :	(\$4,252)
• Architect Services:	(\$2,167)
• Sight Flags and Poles:	(\$2,900)
• Bunker Rakes:	(\$2,855)
• Drinking Fountains:	(\$2,272)
• #2 Tee Box:	(\$24,950)
Total Spent:	(\$39,396)
 Carried forward to FY19:	 \$70,091

The Committee, as in the previous year, recommended to expand the Main Putting Green. However, due to engineering concerns following completion of architect services, and the budgetary estimates for additional revenue required, the committee recommended other projects:

The addition of Divot Fill Containers, Bunker Rakes, Drinking Fountains and the renovation of the #2 Tee Box were completed. Additionally we prioritized the complete renovation of 14 bunkers while holding back the Main Green. The committee also committed to the expansion of the Practice Area and a real grass hitting area at our Driving Range which was completed with Golf Capital Funds in FY18. If the Main Green fails to develop we have many more bunkers to renovate.

Complaints from Golfers have been few and mostly directed at our Bunkers and the 9th Green. The expansion of the 9th Green is under consideration now. Our vision is to do it right the first time. Our thanks to management staff and the co-operation of Randy Shannon and Jesse Seguin for making it possible, and a hardy thanks to Mark Sewell for his efforts.

Respectfully Submitted,

John M. Craig, P.I.F. Chair
