Underground Storage Tank Replacement Project

The underground storage tanks (USTs) that serve the Fuel Dock are scheduled for replacement during late fall 2019. The USTs are located in Harbor Way and the replacement project will disrupt to day-to-day operations.

You are invited to attend an informational meeting regarding the proposed UST replacement project. Waterfront staff and the Fuel Dock UST replacement contractor will make a brief presentation addressing:

- 1) Construction Phasing and Duration
- 2) Continuity of Harbor Operations
- 3) Public Access

Attendees are encouraged to ask questions and comment on the proposed project
