CONCEPT REVIEW - CONTINUED

4. 803 LAGUNA ST C-2 Zone

(2:23) Assessor's Parcel Number: 031-021-025
Application Number: MST2006-00147
Owner: Senior Center of Santa Barbara Inc.
Landscape Architect: Sydney Baumgartner
Applicant: Linda Hughes

(Proposal to remove a large Eucalyptus tree situated near the northwest portion of the property. (Previous case numbers MST2003-00856 and MST2006-00019.))

(Second Concept Review.)

(ACTION MAY BE TAKEN IF SUFFICIENT INFORMATION IS PROVIDED.)

Present: Beebe Longstreet, Executive Director, Laguna Cottages for Seniors

Ms. Longstreet asked for clarification as to how to proceed and explained that she has contacted several historians as to the tree's relationship to the historic adobe and noted that the adobe was built in 1825 whereas Eucalyptus trees were not introduced in Santa Barbara until 1853. A maintenance/safety trimming report and a biology report to determine the tree's age are being prepared.

Public comment opened at 2:34.

1) Ronald Randal, representing the Gonzales-Ramirez Adobe, felt that proper maintenance would be more appropriate than cutting the tree.

- 2) Benjamin Hitz, neighbor, explained that the last time the tree was trimmed, it had been excessive, which made it grow in undesirable directions.
- 3) Wayne Ashcraft, neighbor, pointed out that other Eucalyptus trees are currently being trimmed by the City, indicating that Eucalyptus trees are worth preserving.
- 4) Fred Brown, neighbor, stated that a historic report has not been done yet; and instead of waiting every two to three years for yet another proposal to cut the tree, there should be a proper, yearly maintenance plan.
- 5) Jill Sattler, neighbor, submitted photographs to show the tree's current status. She commented that this is an extraordinary tree that photographers and master painters seek and it is also a home for hundreds of birds.
- 6) Kellam De Forest, resident, explained branches falling down and injuring someone can be avoided with regular maintenance. Mr. De Forest asked if neighbors could possibly help pay for the maintenance of this tree since Laguna Cottages is a charitable organization.

Public comment closed at 2:46.

Motion: Application denied on the basis that the Commission recognizes the tree as a contributing element to a historic landmark and recommends to City Council that the City investigate the designation of the tree as an historic specimen tree.

Action: La Voie/Boucher, 4/4/0. (Hausz/Rager/Murray/Suding opposed.) Naylor stepped down.

Motion failed.

Alternate Motion: Continued two weeks with the following comments: 1) The Commission unanimously supports the preservation of this tree. 2) Commission requires a report from a licensed arborist as to the tree's stability, stability of its root structure, and a recurring maintenance program. 3) Initiate the designation of this tree as a landmark/specimen tree. 4) Any future request by applicant for removal of this tree will be denied by the Commission.

Action: Rager/Hausz, 8/0/0. Naylor stepped down.

 Business Name: Metro 4 Theatre

(Proposal to install an automatic ticket dispensing unit in the exterior lobby wall of Metro 4 Theatre located in El Pueblo Viejo Landmark District.)

Present: Jan Hochhauser, Architect

Public comment opened at 3:17.

Mr. Kellam De Forest asked why these machines could not be placed on the lobby wall and that if they are to be placed in a kiosk, will more than one be installed? Mr. Suding responded that placing them on the walls had been previously proposed, but it was not an acceptable solution because of what is found behind the walls.

Public comment closed at 3:17.

Motion: Continued two weeks with the following comments: 1) The Commission in general supports exploring the concept of a central kiosk. 2) The success of the proposal will be in the high level of detailing and proportion.

Action: Hausz/Pujo, 7/2/0. Boucher/Murray opposed. (Ms. Murray would like to see the possibility of an alternative location.)

The proposal also includes the demolition and reconstruction of a portion of the residence, new perimeter site walls ranging in height from six inches to eight feet, a new water feature, and new landscape and hardscape improvements. The project will result in a 3,130 square foot residence.)

(Second Concept Review.)

(PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND NEIGHBORHOOD PRESERVATION ORDINANCE FINDINGS.)

Present: Tom Jacobs, Architect

Staff comment: Jake Jacobus, Associate Planner/Urban Historian, stated that, although an architect is not listed on the City building records for the house, it was likely designed by Jack Myers. Since Dr. Eder, a longtime resident and well-known physician, occupied the house for only a couple of years (1931-1932), an Historic Structures Sites Report is not warranted for this proposal.

Motion: Continued indefinitely to the Consent Calendar for final approval with the finding that the Neighborhood Preservation Ordinance criteria have been met in accordance with Subsection 22.68.060 of the City of Santa Barbara Municipal Code.

Action: Hausz/Hsu, 9/0/0.
