- B. This regular meeting of the Historic Landmarks Commission will be broadcast live and rebroadcast in its entirety on Friday at 1:00 P.M. and again the following Friday at 1:00 P.M. on Channel 18.

**GENERAL BUSINESS (1:33):**

- A. Public Comment:

Any member of the public may address the Historic Landmarks Commission for up to two minutes on any subject within their jurisdiction that is not scheduled for a public discussion before the Board on that day. The total time for this item is ten minutes. (Public comment for items scheduled on today's agenda will be taken at the time the item is heard.)

No public comment.

- B. Approval of the minutes of the Historic Landmarks Commission meeting of May 2, 2007.

**Motion: Approval of the minutes of the Historic Landmarks Commission meeting of May 2, 2007, with corrections.**

Action: Boucher/Sharpe, 7/0/0. (Hausz absent.) Motion carried.

- C. Consent Calendar.

**Motion: Ratify the Consent Calendar as reviewed by William La Voie.**

Action: Boucher/Adams, 7/0/0. (Hausz absent.) Motion carried.

- D. Announcements, requests by applicants for continuances and withdrawals, future agenda items, and appeals.

- Chair La Voie stated that, in order to benefit the public and the applicant, it is important to state in the motions whether the Commission has liked the project's design or if it is not supportable. He provided a list of formulated comments and suggested the HLC members commence their comments with a similar phrase, although the exact language does not need to be used. Chair La Voie asked that, if requesting that an element be redesigned, the HLC members *not* use the wording "the applicant should study." The general building design, the size, bulk and scale, and the building massing should be commented on first. Then the acceptable elements as well as those that are not supportable need to be clearly identified.

Ms. Naylor reminded the Commission that the HLC's purpose is not to redesign the project for the applicant and should not make suggestions as to how to design it. The applicant should simply be directed to redesign the project when the design is not acceptable.

2. Ms. Gantz made the following announcements:
  - a) Commissioner Hausz would be absent.
  - b) Commissioner Naylor would be stepping down from Item 10, 320 E. Victoria Street.
  - c) Item 11, 433 E. Cabrillo Blvd., was postponed indefinitely at the applicant's request until after obtaining a substantial conformance determination from the Planning Commission.

**Motion: To postpone Item 11, 433 E. Cabrillo Blvd., at applicant's request.**

Action: Adams/Murray, 7/0/0. (Hausz absent.) Motion carried.

- d) Addison Cook (1816 Santa Barbara Street) and Trevor Martinson (1849 Mission Ridge Road) have appealed the Historic Landmarks Commission's decision to retain certain structures on the City's List of Potential Historic Resources. Chair La Voie requested that the Commission be informed when the hearing dates are scheduled.
- e) The City will begin a new 9/80 work schedule July 9<sup>th</sup> and every other Friday the Community Development building will be closed. The Planning/Zoning Counter will be open during lunch and July 13<sup>th</sup> will be the first Friday that the office will be closed.
- f) The Santa Barbara Historical Society (in conjunction with the Santa Barbara Historic Homes) asked Jaime Limón, Senior Planner/Design Review Supervisor, to conduct a workshop entitled "An Evening Workshop on Historic and Landmark Designations in Santa Barbara." The workshop is scheduled on May 29<sup>th</sup>, 5:30 to 7:30 p.m., at the Historical Museum, 136 E. De La Guerra Street.

Mr. Limón reported he attended a meeting with the Association of Realtors and gave a debriefing about the function of the Demolition Review Ordinance. He also explained the distinction between a property that is designated as a City Landmark and one that is on the Potential Historic Structures/Sites List. It was then that Mr. Limón was asked to participate in the previously mentioned workshop.

Mr. Limón will be requesting feedback from property owners as to incentives that may encourage designation of properties. He is preparing a report for City Council that will examine the Mills Act, zoning relief, and other incentives.

3. Mr. Adams asked about the new Neighborhood Preservation Ordinance and whether it is now in effect. Mr. Limón responded that, with the creation of the new Single-Family Design Board (SFDB), the department is preparing by updating its computer system and the information that is provided to the public. Handouts will be available in the near future to help answer questions about the retroactivity of the Ordinance and whether projects can move forward to receive comments from the Architectural Board of Review or should wait for the SFDB to review. The board agendas will now include the FAR proposed for those projects and a checklist will be created to assist the boards to ascertain whether an applicant is in full compliance with the Ordinance.

#### E. Subcommittee Reports.

1. Chair La Voie reported that the Airport Subcommittee met and the interior design was reviewed. The designers were directed to match the exterior so that it is also compatible with the Santa Barbara style.

2. Ms. Gantz reported that El Pueblo Viejo (EPV) Guidelines Subcommittee will be meeting on Wednesday, May 16<sup>th</sup>, and photographs will be reviewed. She reminded the Subcommittee members that they were assigned to retake some of the photographs.

Mr. Limón commented that Commissioner Sharpe suggested incorporating the EPV Guidelines with the current Urban Design Guidelines. The Subcommittee will be discussing the possibility of creating one document, rather than producing several parts.

3. Mr. Adams reported on the Awards Subcommittee and stated that the recently awarded plaques will be finished by the end of June. The City Council ceremony should be occurring before the (Old Spanish Days) Fiesta (which begins on August 1<sup>st</sup>).

F. Possible Ordinance Violations.

No violations reported.

**(Review of Historic Structures/Sites Report prepared by Alexandra C. Cole, Preservation Planning Associates.)**

Present: Alexandra Cole, Architectural Historian

Staff comments: Susan Gantz, Planning Technician II, stated that Staff reviewed the Historic Structures Report and agrees with its conclusions and recommendations.

Straw votes: How many Commissioners can support the statement that the proposed additions are an enhancement to the architectural style of the house as stated on page 16 of the report? 2/5. (Adams/Boucher/La Voie/Naylor/Sharpe opposed.).

How many Commissioners do not agree that the additions are an enhancement and disagree with the findings? 5/2. (La Voie/Pujo opposed.)

**Motion:** To accept the report with the following condition and comments: 1) There shall be a conditional agreement with the conclusion that the proposed additions are an enhancement to the building. The enhancements are the replacement of non-historic materials. 2) The following comments shall be forwarded to the Architectural Board of Review: a) The new cupola for stair access to the roof is an element that is considered incompatible with the design of the building. b) The ABR should address the impacts of the terrace on the integrity of the building's design.

Action: Naylor/Boucher, 7/0/0. (Hausz absent.) Motion carried.

The item was reopened at 1:59 p.m. to consider Mr. Pujo's additional comment: The plan shows the proposed roof terrace substantially larger than shown in the elevation drawing.

## **HISTORIC STRUCTURES REPORT**

2. 1210-1216 STATE ST C-2 Zone

(2:01) Assessor's Parcel Number: 039-183-019

 Architect: Cearnal Andrulaitis, LLP

(This is a revised project description: This structure is on the City's List of Potential Historic Resources. This is on the City's Potential Historic Resources list.)

**(Review of addendum to Historic Structures/Sites Report prepared by Alexandra C. Cole, Preservation Planning Associates, dealing with proposed temporary scaffolding.)**

Present: Alexandra Cole, Architectural Historian

Staff comments: Susan Gantz, Planning Technician II, stated that Staff reviewed the Letter Report (addendum) to the Historic Structures Report and agrees with its conclusion that the temporary installations of a trash shoot and materials lift as detailed in the Letter Report will not negatively impact the historic façade of the building.

**Motion:** To accept the report as presented.

Action: Naylor/Sharpe, 7/0/0. (Hausz absent.) Motion carried.

**HISTORIC STRUCTURES REPORT**

## 3. 1137 STATE ST

C-2 Zone

(2:02) Assessor's Parcel Number: 039-231-037  
Application Number: MST2007-00049  
Owner: 1129 State Street, LP  
Applicant: Glen Morris  
Applicant: Carole Denardo  
Business Name: Old Navy (Formerly Copeland's)

(This is on the California Inventory of Historic Resources and the City's List of Potential Historic Resources: "San Marcos Court Building." Proposal for a new storefront on an existing commercial building on an approximately 52,000 square foot parcel.)

**(Review of Addendum to Historic Structures/Sites Report prepared by Carole A. Denardo, Architectural Historian.)**

Present: Carole Denardo, Architectural Historian  
Glen Morris, Architect  
James Drews, Architect

Staff comments: Susan Gantz, Planning Technician II, stated that Staff reviewed Addendum II and agrees with its conclusions and recommendations. Staff expressed disappointment that all the parties could not get together and restore the original arched storefront system. However, as pointed out in the report, this proposal represents a vast improvement over the current conditions.

Public hearing opened at 2:15 p.m.

Kellam De Forest, local resident, asked whether the Commission can ask the applicant or the owner of the building that the original storefront arch openings be restored, since they were ruined when Woolworth took over the building's corner. Mr. De Forest stated that it would be wonderful if the report had strong language to indicate the importance of the restoration of the arches. He also asked if the original rectangular square in the courtyard could be restored. Chair La Voie clarified the report is not addressing all the changes made by Woolworth, but rather changes to the façade on State Street.

Public hearing closed at 2:28 p.m.

**Motion:** **To accept the report, but not accept the recommendations, with the following comment and conditions:** 1) The Commission disagrees with the analysis described on page A-14, Standard 5, where it states that the existing column should be protected, and recommends that the arches be restored in a manner consistent with the Myron Hunt/Harold Chambers design. 2) The following amendments shall be made to the report: a) On page A-3, the last paragraph, change the wording "the building was decimated" to "*a third of the building was destroyed.*" b) On page A-4, the second line, correct the use of the word "resurrected" to one more appropriate to describe that it was not a resurrection of the previous building, but rather a new building that did not incorporate any of the elements from the original building. c) On page A-13, first line, use the word "*change*" in place of "disrupt." d) On page A-16, under Mitigation Measure 1, correct the wording to state that this is a "*Churrigueresque inspired architectural style.*" e) Under Mitigation 2, change the word "similar" to "*identical.*"

f) Under Mitigation 4, change the wording to indicate that the shape of the awnings should emulate the traditional design and detail of the awnings shown on page A-5, Plate 3 (overview of the State Street façade photographed in 1926).

Action: Pujo/Boucher, 7/0/0. (Hausz absent.) Motion carried.

### **CONCEPT REVIEW - CONTINUED**

4. 1137 STATE ST

 Applicant: Glen Morris  
 Applicant: Carole Denardo  
 Business Name: Old Navy (Formerly Copeland's)

(This is on the California Inventory of Historic Resources and the City's List of Potential Historic Resources: "San Marcos Court Building." Proposal for a new storefront on an existing commercial building on an approximately 52,000 square foot parcel.)

#### **(Second Concept Review.)**

Present: Carole Denardo, Architectural Historian  
 Glen Morris, Architect  
 James Drews, Architect

Public comment opened at 2:30 p.m.

Kellam De Forest, local resident, commented that, although the arches may not be opened as they were originally, the applicant could find a way to mimic the arches without destroying the current façade.

Public comment closed at 2:31 p.m.

**Motion:** **Continued two weeks with the following comments:** 1) The Sunbrella *Mediterranean tweed* is an acceptable color for the awnings. 2) The Commission finds the proposal marginally acceptable. 3) What would make the proposal acceptable is to: a) Reestablish the arches on the State and Anapamu Streets elevations. b) Recess the flat panel (transom) as far into the building as possible. A minimum would be the recess that is on Anapamu Street. c) Recess the storefront at least 12 inches off the sidewalk. 4) The storefront system should be wood. 5) The proposal should indicate the original color of the building and the original storefront extant in the courtyard. 6) The design of the awnings should match in shape the original design indicated on page A-5, Plate 3, found in the historical document and should have a traditional design.

Action: Boucher/Pujo, 7/0/0. (Hausz absent.) Motion carried.

**HISTORIC STRUCTURES REPORT**

## 5. 924-J GARDEN ST

**(Review of focused Historic Structures/Sites Letter Report prepared by Alexandra C. Cole, Preservation Planning Associates.)**

Present: Alexandra Cole, Architectural Historian  
Kirk Gradin, Architect  
Lynn Ashcraft, Owner

Staff comments: Susan Gantz, Planning Technician II, stated that Staff reviewed the Focused Letter Report and generally agrees with its conclusions and recommendations. Staff requested that the Commission specifically address the following issues during its consideration of the report: 1) The replacement of the original window in the dining room with a pair of French doors represents a further loss of original materials and may be a potential cumulative impact. 2) The proposed French doors make good design sense by providing direct access to the patio from the dining room.

**Motion: To accept the report as presented.**

Action: Sharpe/Adams, 7/0/0. (Hausz absent.) Motion carried.

**FINAL REVIEW**

Public comment opened at 4:29 p.m.

Kellam De Forest, local resident, inquired about the HLC's perview in preventing buildings with elements over 40 feet to be approved, especially in El Pueblo Viejo District. He considered a fourth floor for this project unacceptable. Chair La Voie responded that, until the Zoning Ordinance is amended, the HLC cannot force a maximum 40 foot building height for proposed projects.

Public comment closed at 4:30 p.m.

**Motion:** **Continued indefinitely with the following comments:** 1) The project is generally acceptable. 2) The size, bulk, and scale are acceptable. 3) **Following are elements of the design considered commendable:** a) The amount of landscape along Santa Barbara Street. b) The replication of the original Hayward's building. c) The full submersion of the parking below grade. d) The architectural design sensitive to the requirements of the Historic Landmarks Commission.
