GENERAL BUSINESS (1:36):

- A. Public Comment:

Kellam de Forest, local resident, commented with respect to the City Council upholding the appeal of the 517 Chapala Street project on Tuesday, June 22, 2010.

- C. Approval of the minutes of the Historic Landmarks Commission meeting of June 9, 2010.

Motion: Approval of the minutes of the Historic Landmarks Commission meeting of June 9, 2010, with correction.

Action: Boucher/Adams, 4/0/2. (Murray/Pujo abstained. Shallenberger/Sharpe/Suding absent.)
Motion carried.

- C. Consent Calendar.

This item was reviewed out of order after the Announcement.

(1:57)

Motion: Ratify the Consent Calendar as reviewed by Commissioner Craig Shallenberger; with the exception of Items B and E, which were reviewed by Commissioners Donald Sharpe and Philip Suding.

Action: Suding/Sharpe, 9/0/0. (Pujo stepped down from Item B.) Motion carried.

- D. Announcements, requests by applicants for continuances and withdrawals, future agenda items, and appeals.

1. Ms. Gantz made the following announcements:

- a) Commissioner Adams would be leaving at 5:00 pm.
- b) There will be a joint Planning Commission/Historic Landmarks Commission meeting on Wednesday, July 21st in the David Gebhard Public Meeting Room, 630 Garden Street, to discuss an updated Master Plan for the Santa Barbara Museum of Natural History. The item will be first on the agenda at approximately 1:45 p.m.
- c) The next *El Encanto Hotel Subcommittee* meeting will take place on Wednesday, June 30th from 10 a.m. to noon in the Housing and Redevelopment Conference Room on the second floor at 630 Garden Street.

2. Jaime Limón, Senior Planner, spoke about the current review by City Council of the Plan Santa Barbara Draft General Plan Update and Draft Environmental Impact Report with respect to historic preservation policies. He suggested that the HLC's *Five-Year Plan Subcommittee* become the Long Range Planning Subcommittee with the purpose of following ongoing discussions regarding enhancing the protection of historic resources in the downtown area with the proposed new development standards or interim design guidelines. There is great interest to prioritize the development of a Historic Preservation Element and to provide protection mechanisms like buffers adjacent to historic resources within EPV District.
3. Mr. Limón reported that the appeal of 517 Chapala Street at City Council was upheld. Commissioners Boucher and Shallenberger represented the HLC at the June 22 hearing. The Preliminary Approval was affirmed and the HLC is now to review the project to see if it is consistent with what was previously given preliminary approval. Commissioner Shallenberger expressed his frustration as to what the HLC is allowed to take action on per the Ordinance and being an advisory group versus an elected body.
4. Mr. Limón announced that the City has received additional survey results for Area 3 of the Lower Riviera Neighborhood Historic Survey area. Staff is currently evaluating the preliminary results but initial indications are that there may be only clusters of resources in that area that may not qualify as historic districts. A Thematic District has been identified.
5. Commissioner Shallenberger disclosed that he toured El Encanto Hotel with Trish Allen.
6. Commissioner Suding announced that he would be stepping down from Item #2, 35 State Street.

E. Subcommittee Reports.

Commissioner Suding reported on the *El Encanto Subcommittee* that met on June 16. The Mission Village's Buildings 30, 34A and 34B were discussed, including detailing, window placements, massing issues on certain buildings and balcony issues. The southwest corner of the parking garage where it comes up from the ground and the guardrail are still to be addressed.

Commissioner Sharpe reported that the *Entrada de Santa Barbara Subcommittee* met to discuss Area "B". The results would be presented during the review of Item 2 as agendized.

DISCUSSION ITEM**1. 2010 DESIGN REVIEW TRAINING #1: LESSONS FROM THE LAST BOOM IN CHICAGO****(2:05)** Staff: Heather Baker, Project Planner

(American Planning Association 45-minute recorded presentation followed by a 15-minute discussion. First of a three-part series of City of Santa Barbara 2010 Design Review Trainings.)

[Chicago experienced a residential boom in the 1990s and early 2000s. Many older industrial and commercial properties were converted to residential uses, and some of the city's old retail districts became mixed use neighborhoods. Although much of this new development was well designed and well received, the city was also struggling with a rash of residential teardowns. Topics covered include: converting storefronts to housing, rezoning of vacant industrial land, commercial and industrial loft conversions, church conversions, teardowns and height limit changes, townhouses, commercial strips, and special considerations for corners and boulevards. Former Chicago city planners Tom Smith and Mary Fishman focused on the "geography" of growth in Chicago and highlight the lessons learned through the city's successes and failures.

All Design Review board and commission members and the public were encouraged to attend these trainings as well:

Part 2: June 21st, 3:10 P.M. **"Enhancing Your Community Through Tree Preservation"** (First discussion item at SFDB.)

Part 3: June 28th, 3:15 P.M. **"The I Go Car Sharing Program"** (Discussion item at ABR.)]

Present: Heather Baker, Project Planner
