LICENSING ADVISORY: The Business and Professions Code of the State of California and the Municipal Code of the City of Santa Barbara restrict preparation of plans for certain project types to licensed professionals. See HLC Guidelines 2.1.2A and 3.1.2C for specific information.

NOTICE: On Friday, June 4, 2021 this Agenda was posted on the outdoor bulletin board at the Community Development Department, 630 Garden Street and online at SantaBarbaraCA.gov/HLC. Approximate times are set for each item; however, the schedule is subject to change.

PLEASE BE ADVISED

The following advisories are generally also contained in the City’s Single Family Design Board General Design Guidelines and Meeting Procedures ([HLC Guidelines](#)). The specific HLC Guideline number is listed after each advisory. Applicants are encouraged to review the full version of the HLC Guidelines.

- The approximate time the project will be reviewed is listed to the left of each item. It is suggested that applicants arrive 15 minutes early. The agenda schedule is subject to change as cancellations occur. Staff will attempt to notify applicants of time changes. (3.2.2)
- The applicant’s presence is required. If an applicant is not present, the item will be postponed indefinitely. If an applicant cancels or postpones an item without providing advance notice, the item will be postponed indefinitely and will not be placed on the following HLC agenda. (3.2.4)
- Substitution of plans is not allowed. If plans differing from the submittal sets are brought to the meeting, motions for Project Design Approval or Final Approval will be contingent upon staff review for code compliance. (3.2.4)
- Concept review comments are generally valid for one year. Per SMBC 22.22.180, a Project Design Approval is valid for three years from the date of the approval unless a time extension has been granted or a building permit has been issued. Projects with a valid land use approval will also automatically extend the Project Design Approval expiration date. (3.2.9) An HLC approval does not constitute a Zoning clearance or a Building and Safety Permit.
- CEQA Guidelines §15183 Exemptions (Projects Consistent with General Plan). Under this California Environmental Quality Act (CEQA) Guidelines section, projects with new development (new nonresidential square footage or new residential units) qualify for an exemption from further environmental review documents if (1) they are consistent with the General Plan development density evaluated in the 2011 General Plan Program Environmental Impact Report, and (2) any potentially significant project-specific impacts are addressed through existing development standards. Section 15183 exemptions are determined by staff based on a preliminary environmental review process. A decision-maker CEQA finding is required for a Section 15183 exemption. City Council General Plan environmental findings remain applicable for the project.

(1:50PM) PRE-APPLICATION REVIEW

1. **MISSION CANYON BRIDGE**

Assessor's Parcel Number: ROW-361

Application Number: PLN2021-00253

Owner: City of Santa Barbara

Applicant: Jessica Grant, Public Works Department

(Public Works Department is requesting Historic Landmarks Commission feedback on three conceptual bridge treatment options and three conceptual roadway approach options that have been developed as part of the initial Mission Canyon Bridge Studies effort to address deficiencies in the bridge and surrounding roadway.

Mission Canyon Bridge, a City Landmark, spans Mission Creek and is located to the north of Mission Santa Barbara and Mission Historical Park, south of Rocky Nook Park, and east of the Santa Barbara Museum of Natural History. The bridge was designed and constructed by Rowland Hazard in 1891. A wooden sidewalk, supported off the bridge, was added in 1929 and the bridge was widened on the downstream side in 1930. The Mission Canyon Bridge Studies effort kicked off in April 2019 to study existing conditions and challenges associated with the bridge. On December 2, 2020, Public Works presented the three bridge options as well as three roadway alignment options to the public during a public meeting. The options were met with mixed opinions. It is anticipated that an Environmental Impact Report will be required for a full discussion of any proposed project alternatives. Public Works Department is requesting preliminary review comments from the Historic Landmarks Commission before proceeding with a formal project application.)

Pre-Application Design Review Consultation. No final appealable action will be taken at this hearing. Mission Canyon Bridge Memo and attachments are available at SantaBarbaraCA.gov/HLC.
