COUNCIL AGENDA REPORT

AGENDA DATE: July 27, 2021

TO: Mayor and Councilmembers

FROM: Treasury Division, Finance Department

SUBJECT: June 30, 2021, Investment Report And June 30, 2021, Fiscal Agent Report

RECOMMENDATION: That Council:

- A. Accept the June 30, 2021, Investment Report; and
- B. Accept the June 30, 2021, Fiscal Agent Report.

DISCUSSION:

On a quarterly basis, staff submits a comprehensive report on the City's portfolio and related activity pursuant to the City's Annual Statement of Investment Policy. The current report covers investment activity for the three-month period of April 2021 through June 2021.

By the end of the quarter, Treasury yields were lower on the 5 year-30 year terms and higher on the rest of the maturity terms. As shown in the table to the right, the change in Treasury yields reflects a dynamic change across the yield curve ranging between -35 and +11 basis points ("bps").

The City generally invests in securities of one to five years in duration. Within this duration, interest rates ranged from 0.07 percent to 0.87 percent for Treasury securities at the end of the quarter. In its effort to sustain the economic recovery and reduce the risk of further deterioration of financial conditions during the COVID-19 pandemic, the Federal Reserve ("Fed") kept interest rates unchanged, with the federal funds rate, which in turn influences Treasury yields, anchored to a range of 0 percent to 0.25 percent (effectively zero). In the current interest rate environment the City interest earnings are forecast to decelerate in the

near-to-medium term, as some of the existing securities mature and are replaced with lower-yielding securities, and other securities will likely be called as bond issuers secure lower interest rates.

As shown in the Investment Activity table above, during the quarter the City invested \$19 million in AAA-rated federal agency securities, \$4 million in AAA-rated US Treasury securities, and \$2 million in AAA-rated supranational obligations. The overall redemptions amounted to \$8 million.

Summary of Cash and Investments

The book rate of return, or portfolio yield, measures the rate of return of actual earnings generated from the portfolio. As shown in the table to the right, during the quarter the City's book rate of return decreased by 13 basis points from 0.854 percent at March 31, 2021 to 0.723 percent at June 30, 2021.

Mo. Ended	Yield	Days to Maturity
3/31/2021	0.854%	542
4/30/2021	0.815%	506
5/31/2021	0.761%	515
6/30/2021	0.723%	552

In the fourth quarter of the current fiscal year the City's realized interest earnings amounted to \$466,183. The portfolio's average days to maturity increased by 10 days from 542 to 552 days, reflecting reinvestment of maturities and calls during the quarter in the one-to-five year range in accordance with the City's Annual Statement of Investment Policy. The Annual

Statement of Investment Policy requires that the average days to maturity on the portfolio not exceed 2.5 years, excluding any investments with a final maturity longer than five years that were separately authorized by Council. The average LAIF rate at which the City earned interest for funds invested was at 0.33 percent for the quarter ended June 30, 2021, a decrease of 11 basis points from the previous quarter. The City's LAIF holdings at the end of the quarter were \$75 million.

Credit Quality on Corporate Notes

There were no changes to the credit profiles of the corporate issuers of the medium-term notes held in the portfolio (i.e., Apple Inc., Berkshire Hathaway Inc., Microsoft Inc., Toyota Motor Co.). For the quarter ending June 30, the ratings of all corporate notes remained within the City's Investment Policy guidelines of "A" or better.

Portfolio Market Gains/Losses

As shown in the Investment Yields chart below, the City's portfolio yield settled above the 90-day Treasury bill, the 2-year Treasury Note, and LAIF rates this quarter. These benchmarks serve as indicators of the City's performance. Trends over time that substantially deviate from these benchmarks would warrant further analysis and review.

On a quarterly basis, staff reports the five securities with the largest percentage of unrealized losses. However, because securities in the City's portfolio are held to maturity, no market losses are expected to be realized.

On a quarterly basis, staff also reports all securities with monthly market declines of greater than one percent compared to the prior month. At the end of the quarter, there were no securities in the portfolio with a market decline of greater than one percent compared to the prior month.

Additional Reporting Requirements

The following confirmations are made pursuant to California Code Sections 53600, et seq.: (1) the City's portfolio as of June 30, 2021, is in compliance with the City's Statement of Investment Policy; and (2) there are sufficient funds available to meet the City's expenditure requirements for the next six months.

Fiscal Agent Investments

In addition to reporting requirements for public agency portfolios, a description of any of the agency's investments under the management of contracted parties is also required on a quarterly basis. Attachment #2 includes bond funds as of June 30, 2021.
