

Date: 3/13/07

Requested by: Loretta Berlin

Address: 901 W. Victoria St.

Location of Tree: 901 W. Victoria St.

Tree Species: *Ulmus parvifolia* *Common Name:* CHINESE ELM

Zoning/Setback: R – 1 Zoning 15' Setback

Reason for Removal: Potential damage to home foundation.

Property Owner will pay removal / replacement cost:

Advisory Committee Recommendation: *Approve Removal:* *Deny Removal:*

Staff Recommendation: *Approve Removal:* *Deny Removal:*

Comments: The Committee and staff determined that it would be unlikely that this tree would cause damage to the existing foundation because the roots in this area were removed when the current foundation was recently installed. The Committee felt that if a root inspection were performed that revealed roots that could potentially damage the slab foundation that this application would be re-considered with this additional information.
