

Date: 2/5/08

Requested by: Jim Colton, Public Works Engineering

Address: 630 Garden St.

Location of Tree: 300 block of W. Ortega St.

Tree Species: (2) *Eucalyptus ficifolia* **Common Name:** RED FLOWERING GUM
(1) *Lophostemon confertus* BRISBANE BOX
(1) *Myoporum laetum* MYOPORUM

Requested Reason for Removal: Bridge removal and replacement. Please see attached.

Species recommended by the Approved Plan:

Advisory Committee Recommendation: *Approve Removal:* *Deny Removal:*

Staff Recommendation: *Approve Removal:* *Deny Removal:*

Date Posted: 3/13/08

Comments: The Committee and staff recommend that the Commission approve (1) Myoporum and (2) Red Flowering Gum trees. These trees would be removed and replaced as part of the project. The Committee would like to protect in place the Brisbane Box tree; with staff to make a determination about protecting the tree in place or removal during construction. The Committee asks the applicant to provide a tree protection plan to staff prior to construction. The designated replacement tree for the 300 block of W. Ortega is Red Flowering Gum. Replacement trees would equal the amount removed.
