Staff Recommendation: Partially Approve Removal: Deny Removal:

Date Posted: 12/7/09

Comments: The Committee and staff recommend that the Commission approve the removal of (1) *Lophostemon confertus*, Brisbane Box tree located on the corner of the property. The Committee and staff determined the tree closest to the corner is not growing well and is poorly located. The two trees adjacent to the entry walk were discussed with the applicant. Since root pruning can occur to stop the lifting of the entry walkway, the applicant no longer wants to remove those two trees.
