

CITY OF SANTA BARBARA

PARKS AND RECREATION COMMISSION REPORT

AGENDA DATE: July 27, 2011

TO: Parks and Recreation Commission

FROM: Recreation Division, Parks and Recreation Department

SUBJECT: Community Recognition of Santa Barbara Moose Lodge

RECOMMENDATION: That the Commission recognizes the Santa Barbara Moose Lodge for its ongoing support of Neighborhood and Outreach Services.

DISCUSSION:

Neighborhood and Outreach Services provides relevant programming and services to our low-income community thanks to the continued support by many volunteers, private individuals and businesses, as well as local organizations.

Over the years, the Santa Barbara Moose Lodge has been supportive and instrumental in the success of many Neighborhood and Outreach Services' special events and community service projects. Most recently, the SB Moose Lodge purchased over \$300 worth of tools and safety vests for the Santa Barbara Arts Alliances' Milpas Street Graffiti Abatement Project that took place from November of 2010 to June of 2011. On June 9, 2011, the Santa Barbara Moose Lodge stepped up to the plate once again by hosting a neighborhood BBQ in support of the Westside Park Renovation Ribbon Cutting and the unveiling of Seascape Mural at the Westside Community Center. Both residents and the Parks and Recreation Department appreciate their support as these projects have gone a long way in building neighborhood pride and improving the overall aesthetics of our community.

It is with tremendous gratitude that the Parks and Recreation Department recognizes the Santa Barbara Moose Lodge for their volunteerism and ongoing support of Neighborhood and Outreach Services.
