44	Kumquat	01-15'	Planter east of Faulkner Gallery
45	Kumquat	01-15'	Planter east of Faulkner Gallery
46	Kumquat	01-15'	Planter east of Faulkner Gallery
47	Kumquat	01-15'	Planter east of Faulkner Gallery
48	Kumquat	01-15'	Planter east of Faulkner Gallery

New Trees under consideration for Concept Design

The following tree species have been identified to fulfill specific roles, such as to provide shade. They have been selected because they would be complementary to existing trees and architecture, and/or because of their role in Western Literature.

# of Trees	Common Name	Height	Possible Location
2	Markhamia hildebrandtii – Nile Trumpet Tree	20'	Either side of original library front door
~5	Michelia doltsopa	15-30'	Plant areas along main entrance to library
~3	Olea europaea 'Swan Hill' – Swan Hill Olive, Non-Fruiting	15-30'	Shade trees southwest corner of plaza
1*	TBD		North end of plant area between paseo and plaza
1	Platanus x acerfolia 'Columbia'	40'	Feature tree in plaza
~3	Cupressus sempervirens – Italian Cypress	30'	Either side of Faulkner Gallery door

1\* Brahea edulis – Guadalupe Island Palm      TBD
