Subject: RE: Adult Flag Football League

Mr. Ayars,

Thank you so much for taking the time to write to me about your appreciation for our program and the work of Jeff Smith. I will be happy to forward your correspondence to our Parks and Recreation Commission!

We agree, Jeff is doing a great job with our youth and adult sports programs!! I am copying Jeff's supervisor and manager on this email as well.

Again, thank you!

Nancy Rapp

Subject: Adult Flag Football League

Hi Nancy,

I would like to express my gratitude for creating an Adult Flag Football League and recognize Parks and Recreation employee Jeff Smith for the wonderful job he is doing. Having served in the U.S. Army I have lived in a few cities and in those cities I played Parks and Recreation Flag Football. When I move to SB a few years ago I was surprised to find that SB did not have an Adult Flag Football league. You rectified that this year and I am very appreciative along with the 15 teams of 10 or so guys (not including coed). This being a new endeavor there are always bumps, but Jeff Smith has handled them quickly, efficiently, and professionally. He deserves recognition for the great job he is doing as well as his officiating staff who have to deal with grown men trying to relive their glory days. I thank you again for the creation of this league and to Jeff for a job well done. Have a wonderful weekend.

WRITTEN COMMUNICATION

Please feel free to forward this to the Parks & Recreation Board as I could not find their email address on the city's website and they should know what a great job you and your staff is doing.

Best,
Toby
