

**City of Santa Barbara
Parks and Recreation Department**

Memorandum

DATE: January 22, 2014
TO: Parks and Recreation Commission
FROM: Street Tree Advisory Committee
SUBJECT: Library Plaza Improvement Project

The Street Tree Advisory Committee (STAC) received a presentation on the concept plan for the Library Plaza Improvement Project at their meeting on January 9, 2014. The STAC commented on the following areas of the plan:

- Had no issue with the tree removals or relocations
- Would like to see vertical element, possibly trees, against museum wall to frame the space
- Consider taller plants at least 2 feet high to discourage pedestrian traffic through the planter that contains the oaks
- Would like to see lilies in the fountain (one member)
- Consider relocating the main library doors toward the museum for better visibility
- Keep in mind the original Library entrance

The STAC 4/0 moved to endorse the plan and recommend the plan be forwarded to the Parks and Recreation Commission.
