Subject: the incense cedar tree in our front yard

Hi Tim,

After you spoke with Duke McPherson today he called me to discuss the way going forward for our dying Incense Cedar tree.

He thinks that it is best if I fill out the City's form to request approval for the tree to be removed and replaced with a tree that can become established and in the future again add beauty to our English Tudor home built in 1928. Duke believes that the street tree committee will see the wisdom of approving our request once they see the tree's bad condition.

Can you please advise me on our next step in this process?

Thank you,

Joy Frank, 2417 Anacapa Street
