Dear Parks and Rec Dept.,

I am requesting the removal of a Chinese Elm tree from the street edge of my property. My neighbor across the street has noticed because of its acute tilt toward the street and its entanglement in the power lines it poses a big threat. If it comes down in a windstorm it will not only crush many cars parked on our street, it will also bring down the phone and power lines with it, possibly creating a fire. It has already dropped a large limb on the sidewalk, luckily no one was hurt.

Although normally I love trees and the shade they provide, this one is dangerous.

I am not developing my property, nor is it a Historical landmark.

Thank you for your prompt consideration of this matter.

Sincerely,

Robin Theriault
